PRICE THREE CENTS

Gross And Worley Are Renominated By Wide Margins

**Leighton C. Taylor Carries Adams County
But Loses In York And Franklin; Chauncey
J. Smith Elected GOP State Committee-
man; Mrs. Hayberger Has 20 Vote Lead**

Congressman Chester H. Gross, of Manchester, York county, seeking re-election to his third term in the House of Representatives, won the Republican nomination in Tuesday's primary by a margin of 3,072 votes over his Adams county opponent, Leighton C. Taylor, of Bendersville.

Gross polled 11,113 votes against Taylor's 8,041. He carried his own county of York by 2,713 votes, and Franklin county by 565. Taylor carried his home county of Adams by 206 votes.

Francis Worley, York Springs, R. D. 1, won the Republican nomination for re-election to the state Legislature over H. Earl Pitzer, of Aspers, by a margin of 1,094 votes. Worley polled 2,384 votes against 1,290 for Pitzer.

Smith Defeats Slonaker

Chauncey J. Smith, of McSherrystown, defeated Frank J. Slonaker, of Gettysburg, for the office of Republican state committeeman, by 391 votes. Smith received 1,886 votes against 1,495 for Slonaker.

While Esther M. Hayberger has a margin of victory of 20 votes over Evelyn Swope Neely, both of Gettysburg, for the office of vice-chairman of the Republican county committee, the winner will not be definitely determined until the soldier votes are tabulated. Twenty-one military ballots are in the hands of the commissioners now but all ballots postmarked April 25th will be tabulated in the final returns. Thirty-one Republican ballots were mailed from this county. Mrs. Hayberger polled 1,544 votes against 1,524 for Mrs. Neely.

Josiah W. Gitt, Penn township, York county, defeated George G. L. Sichelstiel, of York, for the Democratic nomination for Congressman, 7,010 against 2,465 in the 21st District. Gitt polled 948 votes in Adams county against 176 for Sichelstiel.

District Vote

The district vote for Congressman follows:

Adams county: Taylor, 1,921; Gross, 1,715; Gitt, 948; Sichelstiel, 176.

Franklin county: Taylor, 2,158; Gross, 2,723; Gitt, 675; Sichelstiel, 191.

York county: Taylor, 3,962; Gross, 6,675; Gitt, 5,387; Sichelstiel, 2,098.

Taylor carried 16 of the 42 precincts in Adams county. Gross carried 25 and in Hamiltonban township No. 2, only one Republican ballot was cast in a contested office, that one going to Mrs. Hayberger.

To most observers Worley's strength was the major surprise of the campaign. He took an early lead on the first unofficial returns and was never surpassed by his opponent. His nomination was conceded early in the evening by Pitzer's supporters as his lead mounted steadily.

Carries 37 Districts

Worley carried more precincts than any other candidate for a locally contested office. He topped his opponent in 37 districts. Pitzer carried four precincts and in one district neither candidate received a vote.

Pitzer carried Fairfield by one vote; Gettysburg, first ward, first precinct, by four votes; Gettysburg, second ward by three votes and Gettysburg, third ward, by 17 votes. Worley carried Gettysburg, first ward, second precinct by 31 votes.

Taylor carried all four precincts in Gettysburg and the boroughs of Arendtsville, Bendersville, Biglerville and Fairfield. Gross carried Abbottstown, by one vote, East Berlin, Littlestown, McSherrystown and York Springs.

Taylor's best township vote was in Menallen which he won 258 to 23. Gross' best township votes were in Reading and Huntington township No. 1, each of which he carried by 48 votes.

Other Nominations

Chauncey J. Smith carried 26 county precincts against 15 for Slonaker. In one township neither candidate received a vote.

Mrs. Hayberger carried 21 townships against 20 for Mrs. Neely. Each received 11 votes in Berwick township.

For Auditor General on the Democratic ticket G. Harold Wagner polled 602 votes against 442 for John F. Breslin.

John H. Baschore was elected chairman of the Republican county committee. He was unopposed.

Paul M. Crider was renominated by the GOP for the State Senate without opposition. He will be opposed by Lawrence C. Zeger, Mercersburg, who was unopposed for the Democratic nomination.

The Democrats nominated George E. Little for the legislature. He was unopposed.

Fred G. Klunk, of New Oxford, was unopposed for Democratic State Committeeman.

8½ Hours For Vote Counting

Tabulation of the complete unofficial figures on Tuesday's voting in Adams county required nearly eight and a half hours.

The first election board to arrive at the court house Tuesday night with its completed records was that from District No. 2 of Mt. Pleasant township. They reached the court house at 10:25 p. m. Last to arrive was the Franklin township board at 4:25 a. m. today. The Menallen township vote had been brought in only about 20 minutes earlier.

PLANNING WORK CAMP FOR GIRLS AT CROSS KEYS

Establishment of a work camp for from 100 to 150 girls at the Cross Keys hotel this summer was agreed upon Tuesday evening by the Adams County Emergency Farm Labor committee at a meeting in its offices in the Topper building.

Present requests for labor from farmers in the eastern section of the county are sufficient, it was stated, to warrant the establishment of the camp there. Jennings B. Collins, farm labor assistant, was instructed to complete arrangements for use of the hotel with the owner, C. H. Bittinger, Hanover, and to arrange with the state Extension Services to recruit the workers needed for the camp.

A number of other camp sites in the county were discussed, with the committee stating similar camps will be located elsewhere in the county if sufficient requests are made for labor.

Consider Scout Camp

Final decision on establishment of a Boy Scout work camp in the county will be reached at a meeting of York-Adams area scout executives Thursday, it was announced. About 50 Boy Scouts, most of them from the York area will be at the camp during the entire summer if the proposal is approved. The scouts, if plans are approved, will work half-days, with new crews being sent into the fields and orchards twice a day. During the remainder of the day the crews will be engaging in scouting activities, the York-Adams area officials have stated.

Unskilled youths are most efficient if they work only half days, the committee agreed during a long discussion on the experiences of farmers during the last summer in using that type of labor. Robert C. Myers, chairman of the committee, announced that the eastern part of the county where tomato and pea crops make up much of the farm work youngsters are being allowed to work only from 7:30 a. m. to 12:30 p. m. COURT DIRECTS VERDICT TODAY IN CIVIL ACTION

A directed verdict in favor of the plaintiff, Mrs. Mary E. Altland, Hanover, was handed down this morning against the defendant, Mrs. Melbie Altland, Abbottstown, by an Adams county jury hearing the action in assumpsit brought by Mrs. Mary E. Altland against her mother-in-law to recover \$613 allegedly lent the elder Mrs. Altland in 1941 and not repaid.

The county court directed the jury to bring a verdict for \$720.18, the original sum plus interest, after the testimony of the two Mrs. Altlands had been heard and when it appeared that there were no questions of fact to be determined by the jury. The evidence of both was practically identical with none of the testimony of the plaintiff being contradicted.

The second case before the jury today is the action in assumpsit brought by Mrs. Georganna Groupe, Hanover, against her husband, Alvin C. Groupe, Straban township, to recover \$411 allegedly lent to Mr. Groupe over a period of years. In court this morning, when confronted by checks made out to him by Mrs. Groupe, Mr. Groupe told the jury he was mistaken in his affidavit of defense filed sometime ago in which he stated the money had never been loaned to him, and asserted that he had meant that the money had been repaid.

Collector's Bond Filed

The jury in the Altland case included Mrs. Mary Alwine, Gettysburg; Elson Guise, Biglerville R. 1; Edgar P. Hamilton, Gettysburg; Earl B. Hartzell, Fairfield; Richard Kammerer, Gettysburg R. 4; Mrs. Gertrude Lilly, McSherrystown; Lloyd Miller, Biglerville R. 1; Charles Moul, Abbottstown; Leo McKeenrick, Orrtanna R. D. 2; Vida E. Rice, Arendtsville; Mrs. Edna Sauerhammer, Littlestown R. 1, and Robert Strayer, York Springs.

The jury in the Groupe case included Mrs. Mary Alwine, Miss Marie Andrew, Orrtanna R. 1; John W. Black, Gettysburg R. 3; Arthur Ebbert, Biglerville R. D.; Harry Eckert, Guernsey; Richard Kammerer; Cleveland Miller, Gettysburg R. 3; Mrs. Maybelle F. Newman, Littlestown; Vida E. Rice, Mrs. Edna Sauerhammer, Emory O. Weikert, Littlestown R. 2, and Frank Weikert, Fairfield.

A tax collector's bond of Edward Shorb, Conewago township, was filed in court today.

Wm. I. Shields Guest At Surprise Party

William I. Shields, Adams county health officer, was guest of honor at a surprise party Tuesday evening, the occasion being his 53rd birthday anniversary.

Mr. and Mrs. Robert Fox, York street, son-in-law and daughter of Mr. Shields, were host and hostess at the party. Members of the families were additional guests.

Mr. Shields was born April 25th, 1891.

Dr. And Mrs. Wentz To Hear Archbishop

Dr. and Mrs. A. R. Wentz will attend a farewell service Thursday in Riverside Drive church in New York city in honor of the Archbishop of York who soon will return to England. Attendance is by invitation. Doctor Wentz was one of the representatives of the central committee of the Federal Council of Churches which attended a service in New York Sunday at which the Archbishop was the speaker.

On Monday he attended a luncheon at the Yale club where the central committee met with the Archbishop.

Doctor Wentz will remain in New York Thursday and Friday for a meeting of the Board of Foreign Missions of the United Lutheran Church in America.

JAMES AND ROSS LEAD 2 TICKETS FOR COURT POST

In Tuesday's balloting on the three candidates each party offered for the state Superior court former Governor Arthur H. James led the Republican ticket but trailed as low man among the trio on the Democratic ticket.

James was given 2,723 Republican votes; Chester H. Rhodes, Stroudsburg, placed second with 1,369 ballots and J. Frank Graff, Kitztanling, polled 1,229 votes. James was high man among the three in 40 of the 42 voting districts in the county.

On the Democratic ticket, Auditor General F. Clair Ross led the trio of candidates in the Superior court voting with 920 votes. Rhodes was second with 724 ballots while former Governor James ran a poor third with 357 votes.

Hughes vs. Jones. There was no contest in either party for the nominations for the seat to be filled on the state Supreme court bench. The unopposed Republican nominee is Howard W. Hughes and the Democratic candidate is Charles Alvin Jones. Their votes were not tabulated in the county.

The GOP nomination for the office of auditor general of Pennsylvania also was not contested. The nominee is G. Harold Watkins.

Adams countians helped nominate both parties' candidates for state treasurer with no contests involved. The Democratic nominee is Ramsey S. Black of Harrisburg and Edgar W. Baird, Jr., Philadelphia, is the GOP choice.

Select Delegates

With no contests involved countians helped name these four delegates at large to the GOP national convention: Governor Edward Martin, G. Mason Owlett, M. Harvey Taylor and Marlon Margery Soranton. The alternates are Caroline M. Huber, William A. Baird, Margaret H. Lamade and Edna R. Carroll.

Democrats here helped elect these 12 delegates at large to their party convention: Joseph F. Guffey, Emma Guffey Miller, John J. Kane, (Please Turn to Page 3)

Planes Shield Allied Advance In New Guinea

By FRED HAMPSON

Advanced Allied Headquarters, New Guinea, April 26 (AP)—Covered by warplanes operating off the captured Tadjai airfield near Aitape, one spearhead of the American and Dutch invaders of northern New Guinea was virtually within sight of the main airdrome at Hollandia, today's reports indicated.

Opposition still was negligible, Gen. Douglas MacArthur reported, and the only aerial molestation was from a lone Japanese plane which bombed one of the Hollandia beach-heads, causing moderate damage and light casualties.

The three-runway Tadjai airfield, 150 miles southeast of Hollandia, was captured by the first invasion wave a few hours after the landings at dawn Saturday, and immediately American and Australian engineers went to work with bulldozers and graders while troops chased the Japanese into the hills and jungle.

Whip Bombed Field In Shape For Planes

Captured enemy guns were set up as defense weapons and ground crews worked even at night by floodlight to whip the bomb-pocked field into shape.

Fifth airforce and Australian planes based at Tadjai then were put to work in the campaign of annihilation against 60,000 isolated New Guinea Japanese.

General MacArthur said the Aitape perimeter had been cleared of Japanese but made no mention of Aitape village, five miles northwest of the airdrome.

Allied bombers struck at every point from which the Japanese could mount aerial counter blows while ground forces in the Hollandia area, advancing from the northwest in ankle-deep red mud at the base of the towering Cyclops range, were last reported well beyond Sabron. This would put them three miles or less from the Hollandia airdrome, largest of three within the Yankee and Dutch pincers.

The force which landed 35 miles to the northeast was well beyond Pim village, which is eight miles from the Tami airfield. Thus the jaws of the pincers were about 20 miles apart.

Chamber Dinner At 6:30 O'clock Tonight

Everything is in readiness for the Chamber of Commerce dinner meeting tonight with more than 60 reservations having been made up to noon today. It is hoped that at least one hundred persons will be in attendance to hear John U. Shroyer, Secretary of the Pennsylvania Department of Highways speak.

President Mares Sherman will preside at the session. Routine business will be dispensed with in order to allow Mr. Shroyer whatever time he desires to deliver his talk on the post-war road program in Pennsylvania.

The dinner will be served at 6:30 o'clock.

Mrs. Roy W. Gifford entertained the members of the Wednesday bridge club Tuesday afternoon at her home on Oak Ridge.

ELEANOR GETS TWO VOTES FOR PRESIDENCY

Mrs. Eleanor Roosevelt's name was written on ballots by two countians in Tuesday's primary as their choice for the presidency. Eddie Cantor got a vote as did a score or more of county residents whose friends could not resist the urge to add to the chores of the election boards by filing a block in the presidential preference box.

One election board—probably recording faithfully the spelling they found on a ballot—listed one vote for "Gen. McCartha."

"Theodore Roosevelt" also got a vote for the U. S. presidency along with a smattering of district political workers, most of whom got one vote each.

Sticker Campaign

A voter in Latimore township cast a vote for "Happy Jack" for a party committee post.

With no names appearing on the ballots in most districts for county committee posts, the names of literally hundreds of countians were written on the ballots—most of them getting one vote each. In some cases a single vote elected a committeeman and instances in which less than 10 votes brought victory were common.

Dissension in the Republican ranks in the county hit a new high in McSherrystown borough where an organized sticker campaign for William I. Shields for county chairman topped County Chairman John H. Baschore's vote although Baschore's name only was printed on the ballot. Shields carried the second ward by a vote of 34 to 28 and lost the first ward by only one vote leaving him McSherrystown victor by a vote of 53 to 48.

The McSherrystown vote had no effect on Baschore's re-election as county chairman by a large complimentary vote elsewhere in the county. His total was not tabulated Tuesday night.

Expensive Voting

In the second district of Hamiltonban township only 14 votes were cast with the result that the members of the election board—not all (Please Turn to Page 3)

Much Interest In Benefit Card Party

Much interest is being evidenced in the Hospital Auxiliary benefit card party to be held Friday evening, May 5th. Mrs. Bruce Wolf is chairman of the committee.

A large crowd is expected to attend the party at which bridge, pinochle and 500 will be played. All the proceeds of the party will be used by the Auxiliary for hospital purposes.

man; Mrs. Hayberger Has 20 Vote Lead**

Congressman Chester H. Gross, of Manchester, York county, seeking re-election to his third term in the House of Representatives, won the Republican nomination in Tuesday's primary by a margin of 3,072 votes over his Adams county opponent, Leighton C. Taylor, of Bendersville.

Gross polled 11,113 votes against Taylor's 8,041. He carried his own county of York by 2,713 votes, and Franklin county by 565. Taylor carried his home county of Adams by 206 votes.

Francis Worley, York Springs, R. D. 1, won the Republican nomination for re-election to the state Legislature over H. Earl Pitzer, of Aspers, by a margin of 1,094 votes. Worley polled 2,384 votes against 1,290 for Pitzer.

Smith Defeats Slonaker

Chauncey J. Smith, of McSherrystown, defeated Frank J. Slonaker, of Gettysburg, for the office of Republican state committeeman, by 391 votes. Smith received 1,886 votes against 1,495 for Slonaker.

Sichelstiel, of York, for the Democratic nomination for Congressman, 7,010 against 2,465 in the 21st District. Gitt polled 948 votes in Adams county against 176 for Sichelstiel.

District Vote

The district vote for Congress-
man follows:

Adams county: Taylor, 1,921;
Gross, 1,715; Gitt, 948; Sichelstiel,
176.

Franklin county: Taylor, 2,158;
Gross, 2,723; Gitt, 675; Sichelstiel,
191.

York county: Taylor, 3,962; Gross,
6,675; Gitt, 5,387; Sichelstiel, 2,098.
Taylor carried 16 of the 42 pre-
cincts in Adams county. Gross car-
ried 25 and in Hamiltonburg town-
ship No. 2, only one Republican bal-
lot was cast in a contested office,
that one going to Mrs. Hayberger.

To most observers Worley's
strength was the major surprise of
the campaign. He took an early lead
on the first unofficial returns and
was never surpassed by his oppo-
nent. His nomination was conceded
early in the evening by Pitzer's sup-
porters as his lead mounted steadily.

Carries 37 Districts

Worley carried more precincts
than any other candidate for a
locally contested office. He topped
his opponent in 37 districts. Pitzer
carried four precincts and in one
district neither candidate received
a vote.

Pitzer carried Fairfield by one
vote; Gettysburg, first ward, first
precinct, by four votes; Gettysburg,
second ward by three votes and
Gettysburg, third ward, by 17 votes.
Worley carried Gettysburg, first
ward, second precinct by 31 votes.

Taylor carried all four precincts
in Gettysburg and the boroughs of
Arendtsville, Bendersville, Bigler-
ville and Fairfield. Gross carried
Abbottstown, by one vote. East
Berlin, Littlestown, McSherrystown
and York Springs.

Taylor's best township vote was in
Menallen which he won 258 to 23.
Gross' best township votes were in
Reading and Huntington township
No. 1, each of which he carried by
48 votes.

Other Nominations

Chauncey J. Smith carried 26
county precincts against 15 for
Slonaker. In one township neither
candidate received a vote.

Mrs. Hayberger carried 21 town-
ships against 20 for Mrs. Neely.
Each received 11 votes in Berwick
township.

For Auditor General on the Demo-
cratic ticket G. Harold Wagner
polled 602 votes against 442 for
John P. Breslin.

John H. Baschore was elected
chairman of the Republican county
committee. He was unopposed.

Paul M. Crider was renominated
by the GOP for the State Senate
without opposition. He will be op-
posed by Lawrence C. Zeger, Mer-
cersburg, who was unopposed for
the Democratic nomination.

The Democrats nominated George

PLANNING WORK CAMP FOR GIRLS AT CROSS KEYS

Establishment of a work camp
for from 100 to 150 girls at the
Cross Keys hotel this summer was
agreed upon Tuesday evening by
the Adams County Emergency
Farm Labor committee at a meet-
ing in its offices in the Topper
building.

Present requests for labor from
farmers in the eastern section of
the county are sufficient, it was
stated, to warrant the establish-
ment of the camp there. Jennings
B. Collins, farm labor assistant,
was instructed to complete ar-
rangements for use of the hotel
with the owner, C. H. Bittinger,
Hanover, and to arrange with the
state Extension Services to re-
cruit the workers needed for the
camp.

A number of other camp sites in
the county were discussed, with
the committee stating similar camps
will be located elsewhere in the
county if sufficient requests are
made for labor.

Consider Scout Camp

Final decision on establishment
of a Boy Scout work camp in the
county will be reached at a meet-
ing of York-Adams area scout ex-
ecutives Thursday, it was an-
nounced. About 50 Boy Scouts,
most of them from the York area
will be at the camp during the en-
tire summer if the proposal is ap-
proved. The scouts, if plans are
approved, will work half-days,
with new crews being sent into the
fields and orchards twice a day.
During the remainder of the day
the crews will be engaging in
scouting activities, the York-Ad-
ams area officials have stated.

Unskilled youths are most effi-
cient if they work only half days.
The committee agreed during a long
discussion on the experiences of
farmers during the last summer in
using that type of labor. Robert C.
Myers, chairman of the committee,
announced that the eastern part
of the county where tomato and pea
crops make up much of the farm
work youngsters are being allowed
to work only from 7:30 a. m. to

COURT DIRECTS VERDICT TODAY IN CIVIL ACTION

A directed verdict in favor of the
plaintiff, Mrs. Mary E. Altland,
Hanover, was handed down this
morning against the defendant, Mrs.
Mellie Altland, Abbotstown, by an
Adams county jury hearing the ac-
tion in assumpsit brought by Mrs.
Mary E. Altland against her mother-
in-law to recover \$613 allegedly lent
the elder Mrs. Altland in 1941 and
not repaid.

The county court directed the jury
to bring a verdict for \$720.18, the
original sum plus interest, after the
testimony of the two Mrs. Altlands
had been heard and when it ap-
peared that there were no questions
of fact to be determined by the jury.
The evidence of both was practically
identical with none of the testi-
mony of the plaintiff being contra-
dicted.

The second case before the jury
today is the action in assumpsit
brought by Mrs. Georganna Groupe,
Hanover, against her husband, Al-
vin C. Groupe, Straban township,
to recover \$411 allegedly lent to
Mr. Groupe over a period of years.
In court this morning, when con-
fronted by checks made out to him
by Mrs. Groupe, Mr. Groupe told
the jury he was mistaken in his af-
fidavit of defense filed sometime
ago in which he stated the money
had never been loaned to him, and
asserted that he had meant that
the money had been repaid.

Collector's Bond Filed

The jury in the Altland case in-
cluded Mrs. Mary Alwine, Gettys-
burg; Elson Guise, Biglerville R. 1;
Edgar P. Hamilton, Gettysburg;
Earl B. Hartzell, Fairfield; Richard
Kammerer, Gettysburg R. 4; Mrs.
Gertrude Lilly, McSherrystown;
Lloyd Miller, Biglerville R. 1;
Charles Moul, Abbotstown; Leo
McKenrick, Orrtanna R. D.; Vida
E. Rice, Arendtsville; Mrs. Edna
Sauerhammer, Littlestown R. 1, and
Robert Strayer, York Springs.

The jury in the Groupe case in-
cludes Mrs. Mary Alwine, Miss
Marie Andrew, Orrtanna R. 1; John
W. Black, Gettysburg R. 3; Arthur
Eckert, Biglerville R. D.; Harry
Eckert, Guernsey; Richard Kam-
merer; Cleveland Miller, Gettys-
burg R. 3; Mrs. Maybelle F. New-
man, Littlestown; Vida E. Rice, Mrs.
Edna Sauerhammer, Emory O.
Welkert, Littlestown R. 2, and
Frank Welkert, Fairfield.

A tax collector's bond of Edward
Shorb, Conewago township, was filed
in court today.

Wm. I. Shields Guest At Surprise Party

William I. Shields, Adams county
health officer, was guest of honor at
a surprise party Tuesday evening,
the occasion being his 53rd birthday
anniversary.

Mr. and Mrs. Robert Fox, York
street, son-in-law and daughter of
Mr. Shields, were host and hostess
at the party. Members of the fami-
lies were additional guests.

Mr. Shields was born April 25th,
1891.

Dr. And Mrs. Wentz To Hear Archbishop

Dr. and Mrs. A. R. Wentz will at-
tend a farewell service Thursday in
Riverside Drive church in New York
city in honor of the Archbishop of
York who soon will return to Eng-
land. Attendance is by invitation.
Doctor Wentz was one of the rep-
resentatives of the central commit-
tee of the Federal Council of
Churches which attended a service
in New York Sunday at which the
Archbishop was the speaker.

On Monday he attended a lunch-
con at the Yale club where the cen-
tral committee met with the Arch-
bishop.

Doctor Wentz will remain in New
York Thursday and Friday for a
meeting of the Board of Foreign
Missions of the United Lutheran
Church in America.

JAMES AND ROSS LEAD 2 TICKETS FOR COURT POST

In Tuesday's balloting on the
three candidates each party offered
for the state Superior court for-
mer Governor Arthur H. James led
the Republican ticket but trailed
as low man among the trio on the
Democratic ticket.

James was given 2,723 Republi-
can votes; Chester H. Rhodes,
Stroudsburg, placed second with 1-
369 ballots and J. Frank Graff, Kit-
tanning, polled 1,229 votes. James
was high man among the three in
40 of the 42 voting districts in the
county.

On the Democratic ticket, Audi-
tor General F. Clair Ross led the
trio of candidates in the Superior
court voting with 920 votes. Rhodes
was second with 724 ballots while
former Governor James ran a poor
third with 357 votes.

Hughes vs. Jones

There was no contest in either
party for the nominations for the
seat to be filled on the state Su-
preme court bench. The unopposed
Republican nominee is Howard W.
Hughes and the Democratic candi-
date is Charles Alvin Jones. Their
votes were not tabulated in the
county.

The GOP nomination for the office
of auditor general of Pennsylvania
also was not contested. The nomi-
nee is G. Harold Watkins.

Adams countians helped nominate
both parties' candidates for state
treasurer with no contests involved.
The Democratic nominee is Ramsey
S. Black of Harrisburg and Edgar
W. Baird, Jr., Philadelphia, is the
GOP choice.

Select Delegates

With no contests involved counti-
ans helped name these four dele-
gates at large to the GOP national
convention: Governor Edward Mar-
tin, G. Mason Owlett, M. Harvey
Taylor and Marion Margery Scrant-
on. The alternates are Caroline M.
Huber, William A. Baird, Margaret
H. Lamade and Edna R. Carroll.

Democrats here helped elect these
12 delegates at large to their party
convention: Joseph F. Guffey, Em-
ma Guffey Miller, John J. Kane,

Planes Shield Allied Advance In New Guinea

By FRED HAMPSON

Advanced Allied Headquarters, New Guinea, April 26
(AP)—Covered by warplanes operating off the captured
Tadji airfield near Aitape, one spearhead of the American
and Dutch invaders of northern New Guinea was virtually
within sight of the main airdrome at Hollandia, today's re-
ports indicated.

Opposition still was negligible, Gen. Douglas MacArthur
reported, and the only aerial molestation was from a lone
Japanese plane which bombed one of the Hollandia beach-
heads, causing moderate damage and light casualties.

The three-runway Tadji airfield, 150 miles southeast
of Hollandia, was captured by the first invasion wave a few
hours after the landings at dawn Saturday, and immediately
American and Australian engineers went to work with bull-
dozers and graders while troops chased the Japanese into
the hills and jungle.

Whip Bombed Field In Shape For Planes

Captured enemy guns were set up as defense weapons and
ground crews worked even at night by floodlight to whip the
bomb-pocked field into shape.

Fifth airforce and Australian planes based at Tadji then
were put to work in the campaign of annihilation against
60,000 isolated New Guinea Japanese.

General MacArthur said the Aitape perimeter had been
cleared of Japanese but made no mention of Aitape village,
five miles northwest of the airdrome.

Allied bombers struck at every point from which the
Japanese could mount aerial counter blows while ground
forces in the Hollandia area, advancing from the northwest
in ankle-deep red mud at the base of the towering Cyclops
range, were last reported well beyond Sabron. This would
put them three miles or less from the Hollandia airdrome,
largest of three within the Yankee and Dutch pincers.

The force which landed 35 miles to the northeast was well
beyond Pim village, which is eight miles from the Tami
airfield. Thus the jaws of the pincers were about 20 miles
apart.

Chamber Dinner At 6:30 O'clock Tonight

Everything is in readiness for the
Chamber of Commerce dinner
meeting tonight with more than 60
reservations having been made up
to noon today. It is hoped that at
least one hundred persons will be in
attendance to hear John U. Shroyer,
Secretary of the Pennsylvania De-
partment of Highways speak.

President Mares Sherman will
preside at the session. Routine
business will be dispensed with in
order to allow Mr. Shroyer whatever
time he desires to deliver his talk
on the post-war road program in
Pennsylvania.

The dinner will be served at 6:30
o'clock.

Mrs. Roy W. Gifford entertained
the members of the Wednesday
bridge club Tuesday afternoon at
her home on Oak Ridge.

ELEANOR GETS TWO VOTES FOR PRESIDENCY

Mrs. Eleanor Roosevelt's name
was written on ballots by two coun-
tians in Tuesday's primary as their
choice for the presidency. Eddie
Cantor got a vote as did a score or
more of county residents whose
friends could not resist the urge to
add to the chores of the election
boards by filing a block in the
presidential preference box.

One election board — probably
recording faithfully the spelling they
found on a ballot — listed one vote
for "Gen. McCartha."

"Theodore Roosevelt" also got a
vote for the U. S. presidency along
with a smattering of district politi-
cal workers, most of whom got one
vote each.

Sticker Campaign
A voter in Latimore township cast
a vote for "Happy Jack" for a party
committee post.

With no names appearing on the
ballots in most districts for county
committee posts, the names of
literally hundreds of countians
were written on the ballots — most
of them getting one vote each. In
some cases a single vote elected a
committeeman and instances in
which less than 10 votes brought
victory were common.

Dissension in the Republican
ranks in the county hit a new
high in McSherrystown borough
where an organized sticker cam-
paign for William I. Shields for
county chairman topped County
Chairman John H. Baschore's vote
although Baschore's name only was
printed on the ballot. Shields carried
the second ward by a vote of 34 to
28 and lost the first ward by only
one vote leaving him McSherrys-
town victor by a vote of 53 to 48.

The McSherrystown vote had no
effect on Baschore's re-election as
county chairman by a large com-
plimentary vote elsewhere in the
county. His total was not tabulated
Tuesday night.

Expensive Voting

In the second district of Hamil-
tonban township only 14 votes were
cast with the result that the mem-
bers of the election board — not all

Much Interest In Benefit Card Party

Much interest is being evidenced
in the Hospital Auxiliary benefit
card party to be held Friday eve-
ning, May 5th. Mrs. Bruce Wolf
is chairman of the committee.

A large crowd is expected to at-
tend the party at which bridge,
pinocle and 500 will be played.

All the proceeds of the party will

PARATROOPERS TO BE FACTOR IN "INVASION"

By DEWITT MACKENZIE
Associated Press War Analyst

When the Allied forces finally have stormed their way onto the European continent in the approaching invasion we shall find, I believe, that we owe great things to airborne troops—those daring adventurers who are dropped from the skies into enemy territory, far behind the hostile lines.

It's no longer a secret that they are to be used extensively. Indeed a month ago British Prime Minister Churchill, having watched hundreds of American paratroopers do a mass leap at their English base, told them with emotion that they had "a great part to play," and characterized them as the most modern expression of war.

Laval Makes Plea

The Nazis have taken full note of all this and now have notified the world that they are prepared to counter paratroop landings, and last week "Quisling" Laval, chief of the French Vichy government, issued a panicky call to his countrymen not to cooperate with the paratroopers.

Hitler and the commander in chief of his invasion defense, Marshal Rommel, have inspected their Atlantic wall. The wise-cracking Marshal epitomized his findings in a grim spring joke about a field of flowers, remarking that "it is wonderful to think that underneath those flowers 80,000 mines are concealed."

When D-day arrives we may find that one squad of paratroopers within Hitler's fortress are worth a legion outside, for it bids fair to be a terrific job to get amphibious troops ashore.

For many months American airborne units have been training in England under conditions approximating what they expect to encounter in France. These units include infantrymen, combat engineers and other specialists who make the United States Army a well rounded offensive force.

Have Tough Tasks

The paratroopers are temporarily self-contained when they hit the air, so far as equipment and food are concerned. Their tasks are myriad—all tough ones—such as destroying enemy communications and capturing or even building airfields. Once the paratroopers have established a base, the regular air transport and gliders get into action with more men and equipment, including guns up to three inch calibre. Even jeeps and bulldozers are moved by air.

And the air-borne troops are expected to play a vital part in breaking up the Nazi reserves. The German defenses are so arranged that the reserves are held well behind the Atlantic wall. They will wait to see where the Allies break through and then will counter-attack.

Not New Strategy

This won't by any means be the first time paratroopers have been employed in major operations, but it's likely that their use in the invasion will far exceed anything heretofore seen. One of the earliest paratroop successes was the German capture of Crete three years ago.

The Russians achieved another notable victory last fall. Their paratroops captured the strategic railway junction of Ovruch and thirty other places in the Zhitomir sector, thereby enabling the regulars to retake Zhitomir.

The Americans in the Pacific have used paratroops freely and successfully. And at this moment both the British and Americans have large airborne forces doing yeoman's work behind the Japanese lines in the Burmese jungles.

CAST OF 17 TO GIVE HS PLAY

Members of the graduating class at the Gettysburg high school will present the Charlie Chan mystery play, "The House without a Key," Thursday and Friday evenings at the school auditorium. The curtain will rise at 8 o'clock each evening.

Seventeen members of the graduating class have been given roles in the play, the annual senior production. Three substitutions will be made in Thursday evening's cast for the final production on Friday evening.

Violet Rosensteel and Louise Duncan have been assigned one role as have Dorothy Sanders and Mary Clare Myers. They will alternate in feminine leading parts. John Horner and Harvey White will appear in the only masculine role for which the casting has been duplicated.

The other members of the cast are: Margaret Babie, Charles Smith, Barbara Cline, Joseph Hanawalt, John Knorr, Edgar Raffensperger, Elyse McClellan, June Myers, Jane Strickhouser, Ruth Warman and Harry Moser.

Seniors who have not been assigned roles in the production are serving as members of the committee in charge of various phases of the play project. Miss Ruth McIlhenny and Miss Ruth Scott, of the high school faculty, are directing the play.

Social Happenings

A reception was held last Friday evening at the home of Mr. and Mrs. Dorsey J. Schultz, of near Fairfield, in honor of their son and daughter-in-law, Mr. and Mrs. William Schultz, who were recently married. The home was decorated with cut flowers consisting of lilies, snapdragons and hollyhocks. The couple received many useful gifts. Approximately 30 guests were present. Refreshments were served at the conclusion of the evening. Mr. and Mrs. Schultz will reside with the bridegroom's parents for the present.

The Misses Rhoda and Elizabeth Breighner, are spending a few days in Philadelphia. While there they will attend the Religious Reception of their niece, Miss Jean McLaughlin, into the Sisters of Mercy, at Merion, Pa.

The Homemaking committee of the Gettysburg chapter of the Women of the Moose was in charge of the program at the group's regular meeting Tuesday evening at the lodge home on York street. Mildred Hixon gave readings titled "A Wolf's Diary," and "Hitler Dog." She also read a poem titled "People of the U. S. A." which she said was written by a Gettysburg soldier while in a hospital at Camp Shelby, Mississippi. There was special music by a duet.

Mr. and Mrs. Grant Reigle, of near West Chester, visited friends and relatives here Tuesday.

Mr. and Mrs. Charles Lauer, East Middle street, have returned after spending the last week in New York city and Long Island where they visited Mr. Lauer's brother and sister-in-law, Mr. and Mrs. Floyd Lauer.

Mrs. Ott Holtzworth, Newtown, Pennsylvania, is now visiting Mr. and Mrs. Lauer.

The Friday Literary club will meet Friday evening with Mrs. W. C. Waltemyer, Springs avenue, with Mrs. Earl J. Bowman in charge of the program.

Sixty young people attended the circus party of the Senior and Young People's departments of St. James Lutheran church Monday evening. Highlights of the entertainment were a side-show and "big top" performances. Harry Berkbile, in charge of the entertainment, was assisted by the teachers and officers of the departments and members of a social committee.

Mrs. Fremont Hall, accompanied by her daughter, Ann, Baltimore, is spending a few days with her parents, Mr. and Mrs. Charles W. Stock, Harrisburg road.

Lt. Harold Kinsey left this morning for Maxwell Field, Alabama, after a 10-day leave spent with his parents, Mr. and Mrs. Paul A. Kinsey, Seminary avenue.

Mrs. L. M. Hunt, Cleveland Heights, Ohio, has gone to Baltimore to visit friends after spending some time with her son and daughter-in-law, the Rev. and Mrs. Robert M. Hunt, East High street.

Mrs. Thomas L. Cline, who entertained the members of the Tuesday Afternoon Bridge club at her home on Carlisle street, had as additional guests Mrs. A. Harrison Barr, Miss Bess Hoke and Mrs. Raymond F. Sheely.

The Bandar-Log club will meet Friday evening with Mrs. Raymond F. Sheely, Baltimore street.

WILL HONOR PARENTS OF SERVICE FOLK

Plans for a meeting to honor the wives and mothers of men and women in the service of the Methodist congregation, to be held Wednesday evening, May 17, were formulated at a meeting of the Women's Society of Christian Service Tuesday evening at the home of Mrs. Dunning Idle, Sr., Baltimore street. Mrs. George R. Larkin, who conducted the devotional period, used as her theme the words of the hymn, "Still, Still with Thee," by Joseph Barnby. The Rev. Charles K. Gibson led in prayer.

Mrs. Ralph D. Wickerham, the president, presided during the business session. Mrs. John Hamilton, chairman of the rummage sale committee, reported \$38.50 had been cleared.

Prof. Dunning Idle, the guest speaker, spoke on "Contemporary Problems of India."

Mrs. Idle was assisted during the social hour by Miss Margaret Myers, Miss Verna Kitzmiller and Mrs. Dunning Idle, Jr.

Twenty members and the following guests attended. The Rev. Mr. Gibson, Mrs. M. D. DeTar, Mrs. Keith Burger, Miss Jessie Myers and Mrs. Martin Smyser.

Members of the Tuesday Night Bridge club held a covered dish supper Tuesday evening at the home of Mrs. Ray Kitzmiller, Seminary avenue. The next meeting will be held in two weeks with Mrs. A. S. Kunkle, East Middle street.

Mrs. W. E. Wolf, Chambersburg street, accompanied by her niece, Miss Katherine Hess, Harney, spent Tuesday in York.

Mr. James P. Cairns, Miss Anna

COUNTY VOTERS FAVOR FDR AND THOMAS DEWEY

Although only about one Republican voter in four who went to the polls in Adams county Tuesday indicated a preference among the presidential possibilities, those who wrote in their candidates' names showed a strong preference for Governor Thomas E. Dewey of New York state. There were no presidential candidates' names printed on the GOP ballots in this state.

Governor Dewey was named as the candidate preferred by 1,031 county Republicans.

General Douglas MacArthur was second choice with a total of 90 votes. Stassen of Minnesota was the choice of 10 others while Bricker of Ohio was named by nine voters as their White House choice. Governor Martin's name was written on five ballots. There were a few scattered votes for Wendell Wilkie, who has withdrawn from the presidential race.

Write Byrd's Name

President Roosevelt's name was printed on the Democratic ballots as a candidate for the presidency and 1,020 voters marked their ballots for him. The name of Senator Harry F. Byrd of Virginia was written in more often than any other Democrat in the presidential voting but his scattered ballots were not tabulated in the unofficial count election night.

With no contest in either party for the U. S. Senate nominations, the totals for James J. Davis, the unopposed GOP candidate, and Francis J. Myers, the Democrat, were not tabulated Tuesday night.

ALLIED TROOPS NEAR AIRDROME ON NEW GUINEA

By RICHARD C. BERGHOLZ
Associated Press War Editor

American Sixth Army troops continued their virtually unopposed sweep through Japanese positions at Hollandia, Dutch New Guinea, and were last reported within artillery range of the big Hollandia airdrome.

Allied headquarters approved release of the statement by Associated Press Bureau Chief C. Yates McDaniel that "fall of Hollandia airdrome is imminent" and permitted correspondents to speculate whether Japan has pulled most of her estimated 60,000 trapped troops out of central and northern New Guinea.

No Major Opposition

No major opposition has been met yet by columns of Americans converging on Hollandia, Cyclops and Tami airdromes in the Hollandia sector, nor by other Sixth Army forces which captured Tadij airdrome near Aitape, 150 miles southeast, cleared the enemy from the airdrome's fringes and made it a safe base for U. S. Fifth Airforce fighter planes covering the operations at Hollandia.

One Japanese plane raided the Hollandia beachhead, headquarters said, causing moderate damage and some casualties.

Central Pacific headquarters announced the two-day conquest of strategic Ujelang atoll in the western Marshalls, only 644 miles east of Truk in the Carolines and 264 miles from hard-hit Ponape, Truk's southeastern guardian. Japanese resistance on Ujelang was weak.

Allied Assaults

Central Pacific fliers also struck at Taongi, northernmost atoll in the Marshalls and presumably the springboard for the Japanese conquest of Wake island at the war's outset.

Chinese headquarters have not confirmed unofficial reports that Japanese troops, some of them brought in from Manchuria, have overrun the north China rail junction of Chenghsien. It was known, however, that enemy forces have battled within eight miles of Teng-feng, 40 miles southwest of Chenghsien.

Japan's soldiers invading India have been thrown out of a village 22 miles north of Imphal, near the Burma border. Allied headquarters in the southeast Asia command reported.

There was no Allied confirmation of Tokyo broadcast reports that nine Liberator heavy bombers raided Guam, former U. S. island in the Marianas and that medium bombers struck Woleai in the Carolines.

FDR Approves Of Obliteration Raids

New York, April 26 (AP)—President Roosevelt disagrees with the views of 28 clergymen and writers who protested last month against "obliteration bombing" of enemy-occupied countries of Europe, a letter written by his secretary revealed today.

The clergymen's protest was published in last month's issue of Fellowship, monthly publication of the Fellowship of Reconciliation, and in the current issue Secretary Stephen Early replied that President Roosevelt "is sorry he cannot agree either with the 'facts' or with the conclusions" of the protest.

"It is the President's obligation," Early wrote, "to protect and defend the constitution of the United States."

Name Delegates And Alternates

Both parties named their delegates and alternates to the nominating conventions without contests in Tuesday's voting.

The Democrats chose John W. Lucabaugh, Hanover R. 3, Adams county, and Louis J. Appell, York R. 5, as their delegates. The alternates are Roy P. Funkhouser, Gettysburg, and D. Roy Wishard, Waynesboro.

Republican delegates are Samuel S. Lewis of York and D. Edward Long of Fayetteville. Their alternates will be G. R. Thompson, Gettysburg and Paul S. Raub of Red Lion.

Upper Communities

Mr. and Mrs. Harry Tuckey entertained Sunday at their home in Bendersville in honor of Mrs. Tuckey's brother, Pfc. Lewis I. Rice, of the 500th A.A. Gun Bn, who reported Tuesday at Camp Edwards, Massachusetts.

Those attending were Pfc. and Mrs. Rice, Mr. and Mrs. Tuckey and son, Marshall, Mr. and Mrs. Dennis E. Rice, Mr. and Mrs. John Wirt and daughter, Darlene, Mr. and Mrs. Ralph Shetter and daughter, Judy, Mr. and Mrs. Clair Pohl and son, Lynn, Mr. and Mrs. Maurice Baldwin, Hannah Ulrich, Dorothy Cohen and Mrs. Margaret E. Pohl.

Mrs. Ernest W. Brindle, of Biglerville; Mrs. D. B. Lady, Mrs. Marshall Longenecker, Mrs. Paul Beamers, Mrs. Ernest Wishard, Mrs. Harry Kime, of Arendtsville, and Mrs. Ernest Rebert, Biglerville R. D., are planning to attend the annual convention of the Nevins Regional Women's Guild of the Evangelical Reformed church which will be held Thursday morning and afternoon at St. Stephens church, York, the Rev. Clark Smith, pastor. The annual business meeting will be held in connection with the convention. Mrs. Brindle is the regional Education chairman.

Miss Blanche Deatrick, of Biglerville, has been notified of the death of Mrs. Mary H. Rauch which occurred last Sunday at the home of her daughter, Mrs. Edward Crane, of Flushing, New York.

She will be remembered by the Adams county students of Ursinus college as college hostess and preceptress for the past 20 years.

Members of the Good Samaritan class of Trinity Lutheran church, Arendtsville, will meet at the Red Cross surgical dressing room Friday evening at 7:30 o'clock. Upon completion of the work there, the class will be entertained by Mrs. Charles O. Dunbar, Miss Elizabeth Eicholtz, Mrs. Myron Knouse and Mrs. W. Arnold Raffensperger at Mrs. Dunbar's home.

Mrs. Roy Tate, Biglerville R. D., is convalescing at her home after having been ill with pneumonia.

Miss Thelma Slaybaugh has returned to Harrisburg after spending a few days with her parents, Mr. and Mrs. William P. Slaybaugh, of Biglerville.

The Ladies' Aid society of the Bendersville Methodist church met Tuesday evening with Mrs. Ada Fenton.

Mr. and Mrs. Albert Slaybaugh and granddaughter, Carole Slaybaugh, and Mr. and Mrs. Glenn Kennedy, Aspers R. D., recently visited Mr. and Mrs. Lester Guise, Camp Hill.

Mrs. Osma Gallinger, Guernsey, has returned after a week spent in New York city where she demonstrated weaving at the Hotel Pennsylvania. She also visited her daughter, Miss Josephine Couch, a student at St. Lawrence university in the Adirondacks.

Mrs. Henry W. Sternat entertained the members of the Junior Christian Endeavor society of St. Paul's Lutheran church, Biglerville, Tuesday evening at her home in Biglerville.

Mr. and Mrs. Frederick E. Griest and two daughters, Biglerville R. D., were recent guests of Mrs. Fred Flook and Miss Pauline Flook, Hagerstown.

Plans for a congregational get-together of the Bendersville Methodist charge were made at a recent meeting of the Women's Society of Christian Service of the Wensville church held at the home of Mrs. Calvin Taylor. A Mothers' Day program will feature the get-together which will be held May 13 in the Bendersville community hall.

Buffett Attacks Capital Parties

Washington, April 26 (AP)—Representative Buffett (R-Neb) today delivered some verbal buffets at capital buffets.

"Blowouts of all varieties," says the Nebraska, "are surpassing all peace-time records."

"The American taxpayer who gets a first hand report in his tax bill has to be satisfied with a second-hand report through the press of these Washington receptions, parties, teas and blowouts."

"With American boys dying all over the world, the Washington social scene is not a pretty picture," he added. "Moreover, behind the glamour of capital social life, many strings are pulled."

"The thrill of partying with foreign royalty and domestic 'headline names' is hard to resist. It explains the 'loss of principle' by many formerly solid Americans who have become Washingtonians."

Buffett said he received one report that an official capital party had cost \$10,000.

CHANGES PARTY—WINS

Philadelphia, April 26 (AP)—Rep. Edwin F. Thompson, who served six years in the House as the Democratic representative from Philadelphia's thirteenth district, this year changed his registration and is now the Republican nominee from the same district. He won the nomination as a GOP candidate at the primary.

RECEPTION FOR INTERIOR DEPT. NEW MEMBERS ATTACKED FOR DRAFT POLICY

Washington, April 26 (AP)—The Interior Department's draft deferment policies for its white collar workers drew the fire today of the House Appropriations Committee, which asserted that the situation "must be eliminated without undue delay."

In a report accompanying submission to the House of the department's \$87,672,580 supply bill for the fiscal year starting July 1, the committee said it was "disappointed" at the department's requests for deferment of draft-age personnel.

On February 15, the report related, there were 6,696 male employees between 18 and 38 in the department and 2,221 of them held occupational deferments, 2,073 of whom were deferred at the specific request of the department.

The committee said it was of the opinion "that such persons now holding white collar jobs could in a great majority of cases be replaced without detriment to the war effort."

Cut All Agencies

Secretary Ickes defended the department's deferment policies when he testified in support of the appropriations. He considered the government, Ickes said, "important enough in itself to merit deferment of key workers."

The committee also criticized the department's office of Indian Affairs, which it said "needs a thorough overhauling and reorganization."

The committee trimmed \$9,151,672 from budget estimates in approving the \$87,672,580 outlay, which is \$26,279,496 below the current year's appropriation and \$247,672 below the minimum Ickes said was necessary.

The committee cut the amounts requested for every agency of the department.

RAU IMPROVED

The condition of Melvin Rau, 28, Bendersville, who suffered a fractured skull when a truck he was repairing was struck by a car operated by Solomon L. Hinkle, Gardeners R. 2, was described as being improved at the Warner hospital today.

Other Assaults

U. S. Marauders headed for northern France, and explosions echoed across the channel before they returned. Other fleets of medium bombers then streamed out toward the continent.

Cologne was raided by Mosquito bombers the nights of April 17 and 21, and was gouged by a heavy RAF assault the night of April 20. This was the 15th operation by Mosquito bombers this month.

More than 1,000 Allied planes flew out from Britain yesterday, and the Mediterranean air force sent heavy bombers against an aircraft factory at Turin and rail yards at Ferrara, important junction connecting the Gulf of Venice with the interior of northern Italy. Thirteen big bombers were lost, along with three other planes in all operations from Italian bases.

In 11 days this mightiest of sky offensives has lambasted the Germans with over 50,000 tons of explosives and thousands of incendiaries—and cost the Americans and British probably more than 2,300 airmen and 389 planes.

Most of the 2,300 men aboard these lost aircraft are believed to be safe as prisoners, but that personnel cost does not include the dead and wounded on planes that returned home after sky battles.

SOROPTIMISTS HEAR MRS. LUTZ

Mrs. Verna Lutz, regional supervisor of the blind in Pennsylvania, was the speaker at the April dinner of the Soroptimist club at Hotel Gettysburg Tuesday evening.

Mrs. Lutz explained the work of her bureau and stated that large type text books are available for children with poor vision and one child in this county is now using them. The state has 2,500 talking machines available for use of the blind and records may be secured of Bible, hymns and good books. The Council for the Blind also has about 800 artificial eyes available for use, she said. "The state provides a pension of \$30 to deserving blind and recipients are permitted to have an earning capacity of not more than \$100 per month."

Mrs. Lutz, with Miss Dorothy M. Warner, supervisor of special education in Adams and Franklin counties, examined 88 school cases in a day and a half and found 38 needing eye care, she said.

The next meeting of the club will be held with Mrs. Harry D. Ridinger on May 9 when the annual election will be held.

To Reduce Points On Creamery Butter

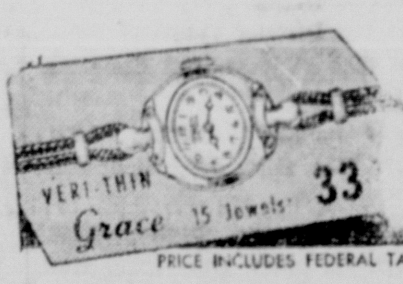

Reflecting improvement in the supply situation, the ration point value of creamery butter will be reduced to 12 red points a pound from 16 points, effective April 30, the Harrisburg Office of Price Administration announced today.

Lowering of the point value of creamery butter was made possible by seasonally increased production, which has filled the country's butter distribution system to the best level since last September, it was stated. Creamery butter has had a ration value of 16 points for the past seven months.

CANNERS LACE EAST BERLIN 9 BY 13-5 SCORE

Biglerville high school's baseball team capped its second victory in three starts by walloping East Berlin 9 to 5 Tuesday afternoon. The game had been scheduled to be played at East Berlin but was transferred to Biglerville due to wet grounds.

Despite failing to gain a single safety the inexperienced East Berlin team gave a good account of itself in its first appearance of the year.

The Cannons scored four runs in the second, third and fourth frames to clinch the decision. Coaches of both teams made wholesale substitutions throughout.

On Friday afternoon Biglerville will play at Arendtsville.

CHALLENGE ME TO ENTER DERBY

Louisville, Ky., April 26 (AP)—Seven Kentucky Derby candidates today challenge a favored eighth, Brodie Farm's Challenge Me, winner of the Arkansas Derby.

In the \$10,000 added, mile and a furlong Blue Grass stakes at Churchill Downs.

The winner is likely to be second choice to win the \$75,000 added, mile and a quarter Kentucky Derby here May 6, just a step behind Mrs. Payne Whitney's Star Up.

M. B. Goff's Skytrac, Hyman Friedberg's Harriet Sue and A. C. Ernst's Alotter are considered Challenge Me's greatest rivals in today's Blue Grass preview of the Kentucky Derby.

Others in the race are Er-langer Stable's Shut Up, Col. C. V. Whitney's Alamein, W. C. Davis' Rockwood Boy and Hal Price Headley's Megogo.

Most of the owners and trainers are waiting to see how their horses do in today's contest before deciding definitely to put the \$500 starting fee on the line in order to send their hopefuls to the barrier in the Kentucky Derby.

Urges Americans To Obey War Laws

Pittsburgh, April 26 (AP)—Americans must begin to obey the spirit of war-time laws, Gov. Edward Martin urged in criticizing those on the home front who are failing to cooperate in observance of ration rules and other war requirements.

He told the 167th district conference of Rotary International here yesterday:

"Directives from Washington may be confusing, but there must be a closer cooperation and obedience on the part of civilians or the home front will lose this war for the fighting men."

The governor also asked the Rotarians to help through their clubs in readjusting large groups of workers moving into western Pennsylvania because of the labor shortage.

Urges H. S. Program

New York, April 26 (AP)—Saying that 90 per cent of the youths who come under his direction cannot climb a rope, Commander Jack Dempsey, of the coast guard, last night urged a compulsory general physical program in high schools and colleges.

Round Wrestling Ring Is Approved

San Francisco, April 26 (AP)—The "round ring" made its debut in a wrestling match last night and drew approving comments from the grapplers and observers accustomed hitherto to the traditional "squared circle."

The 1,000 fans showed their approval by giving rousing applause to Russ Newland, Associated Press western division sports editor, who several months ago suggested the round ring.

In addition to speeding up matches, proponents of the circle say it will be safer by eliminating corners into which contestants sometime become wedged.

The new type of arena has been named the "Newland ring" after its sponsor.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, April 26 (AP)—A lot of quotes about a little subject—but one of our pets—scholastic and college baseball:

FROM "SOUTHERN COACH AND ATHLETE"—"More emphasis on baseball in high schools would not only help solve the player shortage, but would make good cash customers out of thousands of non-participants, who now know and care nothing for the game. School athletic officials are not crying at this funeral. Many of them remember the days when baseball scouts would sign up their star players while they were yet sophomores or juniors."

FROM BIRMINGHAM, ALA.: "I think high school officials look on baseball as something that just has to be, so they spend as little out of the football bill as possible. Uniforms aren't too flashy and the general equipment is no better. Season is short; games are scheduled through the week on obscure fields; umpiring isn't too good; American Legion baseball goes good and, I think, has a lot to do with the emphasis of the high school brand."

FROM OKLAHOMA: "In ordinary times, we have had as many as a dozen teams in class A, 34 in class B and 12 to 15 in junior high in our annual state meet at the University of Oklahoma. That meant the kids were playing almost constantly on eight different diamonds during the three-day life of the tournament. And you ought to see the crowds and hear them holler."

FROM CONNECTICUT: "Nearly every school plays it. An effort several years ago to put on a state tournament attracted a good entry but didn't arouse too much interest. Basketball packed 'em in nightly, whereas baseball didn't draw files, mainly because of the hours. No effort has been made to put on a baseball tourney since."

FROM NORTH DAKOTA: "It's like a 21-year-old physically fit youth in a 1-A—practically non-existent. Harry Bridgeford, Fargo athletic director, says in his 14-year tenure here the North Dakota high school league never has sanctioned baseball as a major sport and he assumes that it conflicts with track."

FROM INDIANA: "What's wrong with it? Nothing, except the time of year it is played. Principal John W. Holdeman of Elkhart high school proposed a few seasons back that the prep league should carry its baseball into the summer, using only those players who were eligible at the close of the school year."

FROM MINOR LEAGUE HEADQUARTERS: "Anything that is practical, within reach financially and for the best of the game will find me in one hundred per cent accord."

The pros and cons of college ball are similar, and from this opinion sampling, we've concluded that the big needs of both school and college ball are (1) better coaching and equipment, (2) less snatching of good players by organized baseball, (3) more enthusiastic support from older folks who love the game (it might be catching), (4) further incentive in the form of championship competition and (5) some sort of a summer program, possibly a hook-up with the American Legion tourney, that would enable the kids to play right through the summer.

Allies Destined "To Rule World"

Declares Patton

London, April 26 (AP)—Lt. Gen. George S. Patton, Jr., declared yesterday that it was the destiny of the United States, Britain and Russia to rule the world and added that for that reason they should "see more of each other."

Speaking at luncheon opening a British club for American soldiers, Patton said:

"Undoubtedly it is our destiny to rule the world—we Americans, the British and, of course, the Russians. Therefore we should see more of each other."

An earlier version of the speech published by the British Press Association had quoted Patton as referring only to the U. S. and Britain, but the general said this was incorrect.

Patton praised the efforts being made to welcome American soldiers to Britain and added facetiously:

"The only welcoming I've done for some time has been welcoming Germans and Italians into hell. I've done quite a lot in that direction and have got about 177,000 there."

PINKY HIGGINS LAUDS SEWELL'S ARCHING PITCH

By CHARLES CHAMBERLAIN

Chicago, April 26 (AP)—After a dozen years in the American league the last five as third baseman for the Detroit Tigers, Pinky Higgins thought he had seen everything.

But there is one guy who amazes him—and a national leaguer at that!

"I could stand with my mouth open and watch the Pirates' Rip Sewell throw his balloon ball," he says, "in fact, I did just that during an exhibition game this spring."

Pinky calls Sewell's high-arching throw, which helped him score 21 victories last year, a "publicity pitch." But don't get him wrong, there's nothing derogatory in the remark.

"I got acquainted with Rip this spring," relates Pinky. "He didn't use that float on me when I was at bat, but I saw him pull it on another guy. That was the first time I'd seen it, but certainly not the first time I'd heard of it. His control amazed me—he'll probably win another 21 games this year and maybe more, for he's got a lot of stuff to go with it."

Batter "Flubs" It

The Detroit-White Sox game was postponed yesterday because of cold weather, giving Pinky an opportunity to sit around the hotel and try to analyze the Sewell special for his buddies.

"Just watching it start out and float by like a feather gets a batter off balance with anticipation to spank it. As the result he flubs it. I figure it's all a matter of upsetting a batter's timing. If you do hit it, the ball won't go far because you've got to furnish your own power. It's just like hitting a ball in suspended animation, or something."

"I think it's the most amazing accomplishment of sheer control in modern baseball."

Woman Beaten By Man Who Escapes

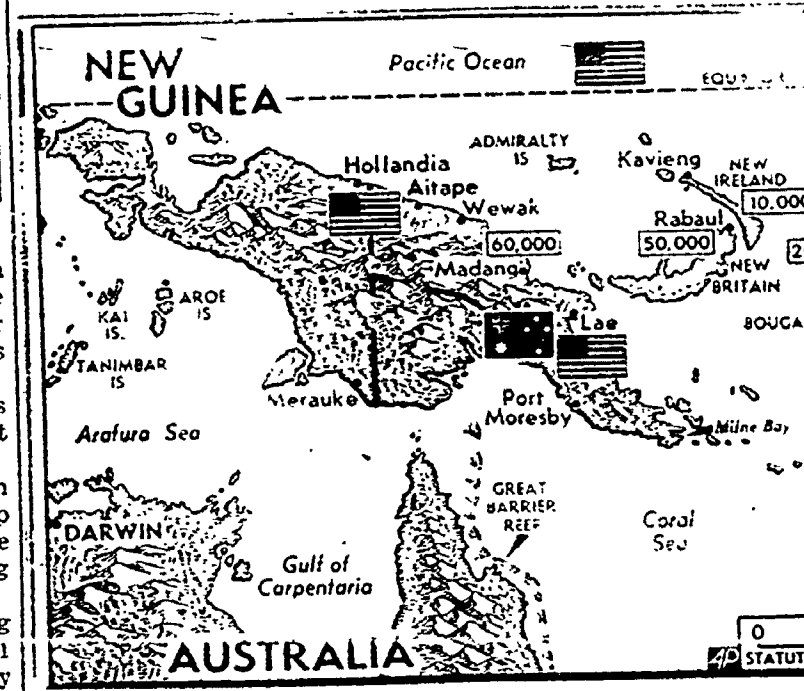

Pittsburgh, April 26 (AP)—City and county police today searched for a suspect in the beating and shooting last night of Mrs. Rose Casciotti, 40.

Mrs. Casciotti, who police said gave them the name of her assailant, was not seriously wounded, although four shots struck her after she had struggled with the man in a narrow downtown street.

The man hailed a taxicab and escaped before surprised passersby, who witnessed the shooting, could apprehend him.

ST. LOUIS MAY EQUAL RECORD IN TILT TODAY

By JACK HAND

Associated Press Sports Writer

If those amazing St. Louis Browns trim the Cleveland Indians today they will tie the modern American League record for win streaks at the opening of a season.

Like Sewell's Browns have captured six in a row, only one short of the total compiled by the Yankees in reeling off seven straight starting with opening day in 1933.

The big league mark of 12 is still safe in the hands of the 1884 New York Giants. The modern big league mark of nine is held jointly by the 1918 Giants and the 1940 Brooklyn Dodgers.

Both current National League streaks went by the boards yesterday when the Giants were knocked off by the Phillies in 12 innings, 4-3, and the St. Louis Cardinals were slaughtered by Cincinnati, 10-3.

Only the Browns, who had an open date in the schedule, remain to threaten the record books.

Cooper Fails Again

Mort Cooper of the Cards had trouble in his second straight start and was knocked off the hill before he could get anybody out in the first inning. While Mort was getting his bumps, Elmer Riddle threw a neat eight-hitter for Cincinnati and didn't yield a Card hit until the sixth.

Buster Adams and Charley Schanz, a rookie hurler from San Diego, were the heroes in the Phillies' exciting 12-inning, 4-3 win over the Giants. Adams hit a two-run homer to tie in the sixth and bashed a double scoring Schanz with the decisive tally.

Brooklyn and Boston battled away at a 3-3 clip for eight innings until the Dodgers cut loose with eight runs in the ninth to make it a lopsided 11-3 final. Lefty Bob Chipman went all the way to capture his second straight.

A's Win By Rally

Connie Mack's Athletics refused to be awed by Johnny Lindell's grand slam homer, the first in the major leagues this season, and overcame that four-run deficit to knock Ernie Bonham out of the box and win an 8-4 series opener on late rallies.

Woody Wheaton dished out two kayo wallops, a single that stopped Bonham in the eighth and a double that flattened Rookie Al Lyons in the ninth.

Marathon honors for the infant season went to the Boston Red Sox who were persistent enough to down Washington, 5-4 in 14 innings.

Bobby Doerr kept pecking away for three doubles, his last being the blow that started the winning spurt.

Mike Ryba took the bows with Bobby for his hurling of five no-hit relief innings.

Kelly Gets Votes For Presidency

Pittsburgh, April 26 (AP)—Tech. Sgt. Charles E. (Commando) Kelly was on the list of non-aspirants who received votes for the nomination as president in yesterday's balloting in Allegheny county.

The "one-man-army" received seven Republican and one Democratic write-in votes, beating out, among others such unheralded candidates as Winston Churchill, Theodore Roosevelt and "Rip" Sewell, Pittsburgh Pirate pitcher.

Her husband, Frank, and two children survive.

FDR BACKERS WIN IN BAY STATE, PENNSYLVANIA

By D. HAROLD OLIVER

(Associated Press Staff Writer)

Roosevelt fourth-terms bowled over their first tangible opposition in the Massachusetts presidential primary yesterday, while Pennsylvania Republicans indicated through write-in votes that Governor Thomas E. Dewey is their overwhelming choice for the GOP presidential nomination.

President Roosevelt himself received a fair-sized write-in endorsement in the Keystone state Republican primary while picking up unchanged 72 more pledged Democratic delegates.

Dewey is apparently assured of Pennsylvania's 70 uninstructed delegates.

Massachusetts For FDR

Incomplete returns today showed delegates in Massachusetts favoring renomination of Mr. Roosevelt well ahead of a partial slate pledged to former Governor Joseph B. Ely, a fourth-term opponent.

The make-up of the 34-vote Democratic delegation is still in doubt, as is that of the 35-member Republican delegation. All delegates in both parties are technically unpledged.

Democratic State Chairman William H. Burke issued a statement from a sick bed saying the "majority sentiment" among Massachusetts Democrats "favors the renomination and reelection of President Roosevelt." He predicted Ely, one-time follower of Alfred E. Smith, would endorse Mr. Roosevelt for another term within 48 hours.

Ely previously had said the balloting should serve as a "warning" to fourth-term supporters.

Other Support

Another shove for the fourth-term drive was seen last night in Connecticut—Democratic caucuses at which many delegates to the state party convention next month were instructed to endorse the President.

Kentucky Republicans completed the naming of a delegation of 22 yesterday and instructed them to vote for Gov. Simeon S. Willis as a "favorite son" candidate for the Presidential nomination as long as his name is before the convention.

The delegates were left free to vote as they please after Willis' name is withdrawn and delegates and party leaders

He told the 167th district conference of Rotary International here yesterday.

"Directives from Washington may be confusing, but there must be a closer cooperation and obedience on the part of civilians or the home front will lose this war for the fighting men."

The governor also asked the Rotarians to help through their clubs in readjusting large groups of workers moving into western Pennsylvania because of the labor shortage.

URGES H. S. PROGRAM

New York, April 26 (AP)—Saying that 90 per cent of the youths who come under his direction cannot climb a rope, Commander Jack Dempsey, of the coast guard, last night urged a compulsory general physical program in high schools and colleges.

Round Wrestling Ring Is Approved

San Francisco, April 26 (AP)—The "round ring" made its debut in a wrestling match last night and drew approving comments from the grapplers and observers accustomed hitherto to the traditional "squared circle."

The 1,000 fans showed their approval by giving rousing applause to Russ Newland, Associated Press western division sports editor, who several months ago suggested the round ring.

In addition to speeding up matches, proponents of the circle say it will be safer by eliminating corners into which contestants sometime become wedged.

The new type of arena has been named the "Newland ring" after its sponsor.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, April 26 (AP)—A lot of quotes about a little subject—but one of our pets—scholastic and college baseball:

FROM "SOUTHERN COACH AND ATHLETE"—"More emphasis on baseball in high schools would not only help solve the player shortage, but would make good cash customers out of thousands of non-participants, who now know and care nothing for the game. School athletic officials are not crying at this funeral. Many of them remember the days when baseball scouts would sign up their star players while they were yet sophomores or juniors."

FROM BIRMINGHAM, ALA.: "I think high school officials look on baseball as something that just has to be, so they spend as little out of the football till as possible. Uniforms aren't too flashy and the general equipment is no better. Season is short; games are scheduled through the week on obscure fields; umpiring isn't too good; American Legion baseball goes good and, I think, has a lot to do with the emphasis of the high school brand."

FROM OKLAHOMA: "In ordinary times, we have had as many as a dozen teams in class A, 34 in class B and 12 to 15 in junior high in our annual state meet at the University of Oklahoma. That meant the kids were playing almost constantly on eight different diamonds during the three-day life of the tournament. And you ought to see the crowds and hear them holler."

FROM CONNECTICUT: "Nearly every school plays it. An effort several years ago to put on a state tournament attracted a good entry but didn't arouse too much interest. Basketball packed 'em in nightly, whereas baseball didn't draw flies, mainly because of the hours. No effort has been made to put on a baseball tournament since."

FROM NORTH DAKOTA: "It's like a 21-year-old physically fit youth in 1-A—practically non-existent. Harry Bridgeford, Fargo athletic director, says in his 14-year tenure here the North Dakota high school league never has sanctioned baseball as a major sport and he assumes that it conflicts with track."

FROM INDIANA: "What's wrong with it? Nothing, except the time of year it is played. Principal John W. Holdeman of Elkhart high school proposed a few seasons back that the prep league should carry its baseball into the summer, using only those players who were eligible at the close of the school year."

FROM MINOR LEAGUE HEADQUARTERS: "Anything that is practical, within reach financially and for the best of the game will find me in one hundred per cent accord."

The pros and cons of college ball are similar, and from this opinion sampling, we've concluded that the big needs of both school and college ball are (1) better coaching and equipment, (2) less snatching of good players by organized baseball, (3) more enthusiastic support from older folks who love the game (it might be catching), (4) further incentive in the form of championship competition and (5) some sort of a summer program, possibly a hook-up with the American Legion tourney, that would enable the kids to play right through the summer.

Allies Destined "To Rule World" Declares Patton

London, April 26 (AP)—Lt. Gen. George S. Patton, Jr., declared yesterday that it was the destiny of the United States, Britain and Russia to rule the world and added that for that reason they should "see more of each other."

Speaking at luncheon opening a British club for American soldiers, Patton said:

"Undoubtedly it is our destiny to rule the world—the Americans, the British and, of course, the Russians. Therefore we should see more of each other."

An earlier version of the speech published by the British Press Association had quoted Patton as referring only to the U. S. and Britain, but the general said this was incorrect.

Patton praised the efforts being made to welcome American soldiers to Britain and added facetiously: "The only welcoming I've done for some time has been welcoming Germans and Italians into hell. I've done quite a lot in that direction and have got about 177,000 there."

PINKY HIGGINS LAUDS SEWELL'S ARCHING PITCH

By CHARLES CHAMBERLAIN

Chicago, April 26 (AP)—After a dozen years in the American league the last five as third baseman for the Detroit Tigers, Pinky Higgins thought he had seen everything.

But there is one guy who amazes him—and a national leaguer at that!

"I could stand with my mouth open and watch the Pirates' Rip Sewell throw his balloon ball," he says, "in fact, I did just that during an exhibition game this spring."

Pinky calls Sewell's high-arching throw, which helped him score 21 victories last year, a "publicity pitch." But don't get him wrong, there's nothing derogatory in the remark.

"I got acquainted with Rip this spring," relates Pinky. "He didn't use that float on me when I was at bat, but I saw him pull it on another guy. That was the first time I'd seen it, but certainly not the first time I'd heard of it. His control amazed me—he'll probably win another 21 games this year and maybe more, for he's got a lot of stuff to go with it."

Batter "Flubs" It

The Detroit-White Sox game was postponed yesterday because of cold weather, giving Pinky an opportunity to sit around the hotel and try to analyze the Sewell specialty for his buddies.

"Just watching it start out and float by like a feather gets a batter off balance with anticipation to spunk it. As the result he flubs it. I figure it's all a matter of upsetting a batter's timing. If you do hit it, the ball won't go far because you've got to furnish your own power. It's just like hitting a ball in suspended animation, or something."

"I think it's the most amazing accomplishment of sheer control in modern baseball."

Woman Beaten By Man Who Escapes

Pittsburgh, April 26 (AP)—City and county police today searched for a suspect in the beating and shooting last night of Mrs. Rose Casciotti, 40.

Mrs. Casciotti, who police said gave them the name of her assailant, was seriously wounded, although four shots struck her after she had struggled with the man in a narrow downtown street.

The man hailed a taxicab and escaped before surprised passersby, who witnessed the shooting, could apprehend him.

ST. LOUIS MAY EQUAL RECORD IN TILT TODAY

By JACK HAND

Associated Press Sports Writer

If those amazing St. Louis Browns trim the Cleveland Indians today they will tie the modern American League record for win streaks at the opening of a season.

Luke Sewell's Browns have captured six in a row, only one short of the total compiled by the Yankees in reeling off seven straight starting with opening day in 1933.

The big league mark of 12 is still safe in the hands of the 1884 New York Giants. The modern big league mark of nine is held jointly by the 1918 Giants and the 1940 Brooklyn Dodgers.

Both current National League streaks went by the boards yesterday when the Giants were knocked off by the Phillies in 12 innings, 4-3, and the St. Louis Cardinals were slaughtered by Cincinnati, 10-3. Only the Browns, who had an open date in the schedule, remain to threaten the record books.

Cooper Fails Again

Mort Cooper of the Cards had trouble in his second straight start and was knocked off the hill before he could get anybody out in the first inning. While Mort was getting his bumps, Elmer Riddle threw a neat eight-hitter for Cincinnati and didn't yield a Card hit until the sixth.

Buster Adams and Charley Schanz, a rookie hurler from San Diego, were the heroes in the Phillies' exciting 12-inning, 4-3 win over the Giants. Adams hit a two-run homer to tie in the sixth and bashed a double scoring Schanz with the decisive tally.

Brooklyn and Boston battled away at a 3-3 clip for eight innings until the Dodgers cut loose with eight runs in the ninth to make it a lopsided 11-3 final. Lefty Bob Chipman went all the way to capture his second straight.

A's Win By Rally

Connie Mack's Athletics refused to be awed by Johnny Lindell's grand slam homer, the first in the major leagues this season, and overcame that four-run deficit to knock Ernie Bonham out of the box and win an 8-4 series opener on late rallies.

Woody Wheaton dished out two kayo wallop, a single that stopped Bonham in the eighth and a double that flattened Rookie Al Lyons in the ninth.

Marathon honors for the infant season went to the Boston Red Sox who were persistent enough to down Washington, 5-4 in 14 innings. Bobby Doerr kept pecking away for three doubles, his last being the blow that started the winning spurt. Mike Ryba took the bows with Bobby's hurling of five no-hit relief innings.

Kelly Gets Votes For Presidency

Pittsburgh, April 26 (AP)—Tech. Sgt. Charles E. (Commando) Kelly was on the list of non-aspirants who received votes for the nomination as president in yesterday's balloting in Allegheny county.

The "one-man-army" received seven Republican and one Democratic write-in votes, beating out, among others such unheralded candidates as Winston Churchill, Theodore Roosevelt and "Rip" Sewell, Pittsburgh Pirate pitcher.

FDR BACKERS WIN IN BAY STATE, PENNSYLVANIA

By D. HAROLD OLIVER

(Associated Press Staff Writer)

Roosevelt fourth-terms bowled over their first tangible opposition in the Massachusetts presidential primary yesterday, while Pennsylvania Republicans indicated through write-in votes that Governor Thomas E. Dewey is their overwhelming choice for the GOP presidential nomination.

President Roosevelt himself received a fair-sized write-in endorsement in the Keystone state Republican primary while picking up unchallenged 72 more pledged Democratic delegates. Dewey is apparently assured of Pennsylvania's 70 uninstructed delegates.

Massachusetts For FDR

Incomplete returns today showed delegates in Massachusetts favoring renomination of Mr. Roosevelt well ahead of a partial state pledged to former Governor Joseph B. Ely, a fourth-term opponent.

The make-up of the 34-vote Democratic delegation is still in doubt, as is that of the 35-member Republican delegation. All delegates in both parties are technically unpledged.

Democratic State Chairman William H. Burke issued a statement from a sick bed saying the "majority sentiment" among Massachusetts Democrats "favors the renomination and reelection of President Roosevelt." He predicted Ely, one-time follower of Alfred E. Smith, would endorse Mr. Roosevelt for another term within 48 hours.

Ely previously had said the balloting should serve as a "warning" to fourth-term supporters.

Other Support

Another shove for the fourth-term drive was seen last night in Connecticut Democratic caucuses at which many delegates to the state party convention next month were instructed to endorse the President.

Kentucky Republicans completed the naming of a delegation of 22 yesterday and instructed them to vote for Gov. Simeon S. Willis as a "favorite son" candidate for the Presidential nomination as long as his name is before the convention.

The delegates were left free to vote as they please after Willis' name is withdrawn and delegates and party leaders said they would then go to Dewey.

Only delegate-choosing today was in Colorado where a state convention was called to select 15 Republicans. State party rules require that they go uninstructed, but party leaders there have indicated they would be largely in the Dewey column.

Only 5,131 countians of the 15,623 who were eligible, cast ballots Tuesday—or slightly less than 33 per cent. Election officers were paid \$2,066.85 or at the rate of about 40 cents for each vote cast.

While the Hamilton township district took the record for the smallest vote cast, the second ward of Gettysburg topped the list with 330 ballots cast.

An Evening Thought
The integrity of men is to be measured by their conduct, not by their professions.—Junius.

Just Folks
"I'M A GOOD GIRL"
I say this of little girls, vowing it's so:
They also grow sweeter as older they grow!
They also grow nicer in manners and ways,
And gain in self-confidence every seven days.
Now this discovery—and boast it I should!
Ellen Elizabeth knows she is good!
Conceded? Well, no! I would not call her that.
Her head still looks nice in a three-year-old hat.
She's not like some grownups we frequently meet
Whose chests are puffed out with the wind of conceit.
It is merely a fact that she wants understood:
Ellen Elizabeth knows she is good!

Now the nature of goodness has never been fixed;
Of what it consists all opinion is mixed;
'Tis a matter debated by scholar and sage.
The standards are different for youth and old age,
But this is decided, and doubt it who would?
Ellen Elizabeth knows she is good!

This is her slogan—let nobody scoff
This the pronouncement with which she starts off:
"I'm a good girl!" and beyond any doubt
She certainly knows what she's talking about.
Her candle's not hidden 'neath bushel or hood.
Ellen Elizabeth knows she is good!

Today's Talk
THE HIDDEN TALENT
The Bible story parable about the three servants being given talents is an interesting one, and very vital in its revealed application to the lives of us all. Those who put their talents to use, benefiting beyond themselves, were the wise ones—but the one who kept the solitary talent and hid it away, as a personal possession, lost even that single one in the end by having it taken away and given to one who had sent his out to grow and to benefit.

In this story we are reminded that none of us is safely the actual owner of anything. We are merely mediums of exchange. We are slaves through which is strained all that comes to us in life, the precious substances being sent out to prove their activity and the dross to be thrown away.

If we do not use the muscles of this body of ours they grow flabby and useless, spreading their sterility throughout the entire bodily organism. We cannot even keep ourselves to ourselves! People who hide themselves from life become mere moving nobodies.

That foolish servant became "afraid" of his possession and so hid it away where it did no one any good—not even himself, though it did become temporarily a personal possession. We actually own nothing but the privilege to use what is loaned to us as a means of enlarging, and beautifying all life.

We don't even know how many talents have been given to us until we dig them out from their hiding place within us, and put them to work. Leaving them there means their ultimate disappearance. In the Bible story that foolish servant was spoken of as an "unprofitable" one. And that is what we are if we neglect the gifts within us, or if we just hide them away to rust, or later to be taken wholly from us.

Seymour Haden, the brother-in-law of Whistler, was a great lover of art, collected it, and encouraged others to love it. When he was past fifty years of age, he thought he would try etching—and became one of the outstanding etchers of his time. People today, collect and love his work.

Tomorrow Mr. Adams will talk on the subject: "Human Huts."

Out Of The Past

TWENTY-FIVE YEARS AGO
Goes to Clearfield.—J. A. Cornwell, who has been the agent of the American Express company for the past eighteen months, has accepted the agency at Clearfield and will be succeeded at the local office by E. C. Moser.

Sold Laundry Interest.—R. R. Long has purchased the interests of Jesse Snyder in the Steam Laundry and re-entered the business which he originally started in Gettysburg, but left in 1904.

Ray Rupp, however, retains his interest in the laundry which he secured on April first and continues as manager.

Luhning-Weikert.—Miss Bertha Weikert, of York street, was married to Private Edward Luhning, of Marengo, Illinois, by Rev. J. B. Baker Wednesday afternoon at four o'clock in the St. James Lutheran parsonage.

The attendants were Mr. and Mrs. Joseph Codori.

New Spelling Champion Named.—Clarence Lochbaum, Franklin district, won the sixth annual spelling contest of the Adams County schools held in the court house Saturday. The word which caused his downfall was "malice." He was awarded a Webster's International Dictionary.

Second prize was won by Kathryn Griest, Butler township; third best speller was Eleanor Peters, of Biglerville high school; fourth best speller was Ruth Scott, of the Biglerville high school, and fifth best speller was Ada Sclar, of the East Berlin high school.

New Teacher.—The Gettysburg school board has secured the services of Miss Beulah E. Wentz, of East Berlin, as a teacher in the Grammar schools to take the place of Miss Mary E. Benner, who was married a few weeks ago. The new teacher will take up her duties on May 5. Mrs. Arthur Hutchison has been supplying in the school until a teacher could be secured.

State Star Will Coach College.—W. W. Wood, former star of Pennsylvania State's football eleven, who assisted Coach Leathers toward the end of last season, has been secured by Gettysburg College to coach the team here next fall and simultaneously with his selection comes the announcement that Gettysburg will go back to its pre-war athletic status.

Purchased Grocery.—Charles Arthur Brame, traveling representative for the John C. Lower company, has purchased the grocery store at 157 North Washington street, from Harry Wentz.

Expect Italy to Yield to Wilson. Paris, April 26.—While the American delegates expressed regret over the temporary break with the Italians, they apparently were confident today that some settlement would be effected when Premier Orlando confers with the Italian Parliament.

There is no hint that President Wilson will yield in the slightest concerning Fiume and in the opinion of the Americans, an agreement can only be reached by a change of the Italian attitude.

Birthday Party.—A very enjoyable surprise party was held at the home of Mr. and Mrs. G. E. Smick, Gardners, recently in honor of their daughter, Loretta.

Birthday Party.—A very pleasant birthday party was held at the home of Mr. and Mrs. Charles Lady, Franklin street, in honor of the fifteenth birthday of their daughter, Helen.

Another Home.—Mr. and Mrs. Pius Bigham, of near Orrtanna, have received word that their son, Samuel J. Bigham, arrived at New York on the twentieth of April on the transport "Seattle."

Marriage License.—Clerk of the Courts Sheely has granted a marriage license to George A. Hikes, of Huntington township, and Zula B. Zeigler, of Latimore township.

Wanted.—Man stenographer, typewriter and book-keeper. Permanent position with good wages. Musselman Canning company.—Advertisement.

Personal.—Mrs. J. D. Kendlehart and son, James, have returned to their home in Harrisburg after spending some time with Mrs. Laura Weygandt, on York street. Maurice Steinhour has returned to his home on Mummaburg street, after spending several weeks at Indian Head, Md.

Lawrence Sheads, of High street, spent Easter in Harrisburg.

Lieutenant Maurice Bender, who is stationed at Camp Dix, spent Easter Sunday with Mr. and Mrs. Edward Bender, Carlisle street.

Edgar Miller, of Wilmington, was here over Easter.

DRAFT OF COAL MINERS MEANS COAL SHORTAGE
By JAMES MARLOW AND GEORGE ZIELKE
Washington, April 26 (AP)—Your coal next winter is being weighed in the draft scales now.

The armed forces say they will take 45,000 coal miners in 1944. Some coal experts had figured only half that number would be drafted.

When they think of 45,000 leaving the pits, they grieve over the prospects of coming close to estimated coal requirements this year.

The armed services and the Solid Fuels Administration have been going over the manpower figures.

The manpower pinch is being felt already. Some mines have dropped from three shifts a day to two.

686 Million Tons
This year the estimated requirements are 686 million tons. Coal men—figuring that perhaps only 22,500 miners will be drafted, or half the 45,000 mentioned above—think they will be able to produce 655 million tons.

The average miner produces 1,400 tons of coal a year. Then, 1,400 tons multiplied by the 22,500 expected to be drafted, gives 31,500,000 tons.

That would, therefore, be 31,500,000 tons unmined. Subtract that from the 686 million-ton requirement, and the expected production of approximately 655 million tons is arrived at.

But suppose the armed forces carry out what they say and draft 45,000 men. That would be 73 million tons unmined and bring production down from the required 686 million tons to 613 for 1944.

Seek Old Miners
That, of course, would not be the actual figure. It would be higher, since the draft is progressive and not all the 45,000 miners would have been taken till year's end, thus giving the mines the benefit of their output and raising the total output for the year.

So the result would be above 613 million tons but still, it seems, well below the 649 million tons produced last year when coal was none too plentiful.

Meanwhile, the War Manpower Commission is making a nationwide drive to get retired miners and miners who have shifted to war plants to go back to the mines.

East Berlin
East Berlin.—Charles B. Wallace, U. S. A., has been in the camp hospital at Picayune, Mississippi, due to a head injury sustained in gymnastic work. His wife and son have joined him in Mississippi.

Miss Ruthetta Altland has returned after a several weeks' visit in Kentucky.

M. R. Sharrar, York, transacted business and visited here during the week.

An unusually large crowd attended the public sale of stock, farming implements, household goods, at the Clarence Leatherman farm R. 3 Friday. Bidding began at noon, and was not completed until after 7:30 p. m. Good prices were realized. Mrs. Leatherman and son Jack and her uncle, Edward Weymouth, who resides with them, left for Baltimore Tuesday to join Mr. Leatherman, who is employed there.

Miss Mary Altland, formerly of here, who resides with her sister, Mrs. Edna Goodling, York, is greatly improved after suffering for some time with an arthritis condition.

C. W. Heiner and family who purchased the Harry Serff farm, R. 2, some months ago, have arrived from their home in Washington state and have begun farming.

Mrs. Harold E. Spangler and son, Leslie Lee, who spent some time with her husband before his transfer from Dyersburg, Tennessee to an unreported location, are now spending some time with his parents, Mr. and Mrs. L. Dewey Spangler, and with her parents, Mr. and Mrs. Philip W. Hodgson, Jr., near Red Run.

Mrs. Naomi Julius has learned that her grandson, Cpl. Paul Julius, York, has received the Expert Infantryman's Badge at Camp Livingston, La.

Richard Kroft, son of Mr. and Mrs. Elmer Kroft, has been suffering with a severely abscessed tooth. Mr. and Mrs. Harry Emig have learned that their son, Pfc. C. Richard Emig, has left Camp Reynolds, where he was recently awarded a Good Conduct Medal, and now receives his mail in care of the New Orleans postmaster.

Little improvement is reported in the condition of Doris Eisenhart, daughter of Mr. and Mrs. John Eisenhart, who has been ill at her home for the past week. Her father has been in a Philadelphia hospital under observation.

Jack Hoffman, son of Mr. and Mrs. Floyd Hoffman, who severely injured his ankle several weeks ago, is now able to walk without the aid of crutches.

Word has been received from S. Sgt. Ruth A. Kuhn, Wac, that she is at Camp Davis, N. C. Sgt. Kuhn, Brooklyn, N. Y., is a daughter of the late Dr. George R. Kuhn, a native of this section.

REDS LAUNCH NEW DRIVE ON BROAD FRONT
London, April 26 (AP)—The Red Army has launched an attack on a broad front in southern Russia from the Carpathians to the Black sea. German and Romanian reports said today.

A German communique said the Nazis had scored "a complete defensive victory after 'heavy battles'" when the Red Army attacked in the lower Dneestr yesterday with strong artillery and air strength. The Nazis asserted they had sealed off Soviet breakthroughs.

Since last Saturday the Russian communiques have omitted mention of any large-scale land fighting.

Germany Next Stop
London, April 26 (AP)—The Red Army intends to drive into Germany in a mighty continuation of its 1944 offensive to finish off Adolf Hitler's legions and bring about the Nazi's final capitulation in close collaboration with the Allies, an authoritative Soviet war review said last night.

The review, broadcast by the Moscow radio, declared that 500,000 Axis troops had been slain or captured and enormous booty swept up in less than two months on the lower Russian front, without counting the Crimea. Since last summer the Red Army has liberated more than 65,000 localities and more than 310,000 square miles of territory, the review added.

Invasion Impatience
"By its victories the Red Army has widely facilitated for our Allies the possibility of opening military actions on a large scale in the west and south that are being expected with impatience by the whole world," declared the article, written by Dmitri Manulsky, a member of the Central Committee of the Communist party.

(A Romanian communique said today that the Red Army had launched an offensive on a wide front on the lower Dneestr river after powerful artillery preparation and that fierce battles were taking place south of Dubossary and Tighina in the Chisinau sector of Bessarabia.)

(The communique, broadcast by the Romanian radio and recorded by a U. S. government monitors, said a Soviet tank attack at Sevastopol was repulsed.)

Mother Of Hero Presented Medal
Colorado Springs, Colo., April 26 (AP)—The highest honor the nation can bestow on a soldier hero was conferred here on Pfc. Floyd K. Lindstrom, Colorado Springs' own "one-man army," when Maj. Gen. Terry Allen yesterday presented Mrs. Anna Lindstrom, Floyd's mother, the Congressional Medal of Honor.

News dispatches from the Anzio beachhead reported last week that Lindstrom was killed in action there February 3.

Lindstrom, already holder of the Silver Star for gallantry in action in Sicily, won the Medal of honor for wiping out a German machine-gun nest. Single handed, he broke up a German counterattack by turning the fire of a captured machine-gun back on attacking Nazi soldiers.

Japs Dying In Drones In Burma
Southeast Asia Headquarters, Kandy, Ceylon, April 26 (AP)—Japanese jungle troops are desperately attacking road and rail blocks established in central Burma by Allied "Chindits," air-borne troops, and are "coming in to the attack like a boxer with his head down" and dying in droves, an Allied observer said today.

At the same time British forces continued to tighten their grip on the Imphal-Kohima area which had been threatened by a Japanese invasion of India designed to cut the Bengal-Assam railroad, Allied supply line to China and north Burma, a communique from Admiral Lord Louis Mountbatten announced.

The communique said British forces yesterday captured the Mapao hill feature north of the Imphal plain, inflicting heavy casualties on the enemy.

At present the Chindits are astride more than 100 miles of Japanese communications serving the enemy in northern Burma.

Controversy Flares On "Bill Of Rights"
Washington, April 26 (AP)—Controversy over the \$3,500,000,000 "G. I. Bill-of-Rights" flared on a new front today when Senator Clark (D-Mo) attributed delay in house action to "the hatred of certain congressmen for the colored soldiers."

Turning his fire on Rep. Rankin (D-Miss), who later said he did "not care to comment" on the Missouriian's assertion, Clark declared that if the house struck out unemployment compensation provisions, it would have to accept responsibility for the defeat of the bill.

Rankin, chairman of the House Veterans' legislation committee, reported Saturday the committee was going over the senate bill carefully, "trying to make of it a workable piece of constructive legislation" and did not propose "to be stamped by any one."

Clark declared that as the Senator in charge of the bill, sponsored by 82 senators, he would not agree to a house and senate conference over differences, if the house adheres to Mr. Rankin's position.

STATE C. C. HEAD DIES
Norristown, Pa., April 26 (AP)—John A. Longacre, 66, president of the Pennsylvania Chamber of Commerce, died at his home here yesterday. He formerly was president of the American Equipment Corporation and held directorships in the Schuylkill Valley Line, Inc., and the Norristown-Penn Trust Company. He was a member of the Union League.

For every 1,000 workers on payrolls in the United States, 43 quit each month, according to reports to Government agencies.

An Evening Thought

The integrity of men is to be measured by their conduct, not by their professions.—Junius.

Just Folks

"I'M A GOOD GIRL!"
I say this of little girls, vowing it's no!

They also grow sweeter as older they grow!
They also grow nicer in manners and ways.

And gain in self-confidence every seven days.
Now this discovery—and boast it I should!

Ellen Elizabeth knows she is good!
Conceited? Well, no! I would not call her that.

Her head still looks nice in a three-year-old hat.
She's not like some grownups we frequently meet

Whose chests are puffed out with the wind of conceit.
It is merely a fact that she wants understood:

Ellen Elizabeth knows she is good!
Now the nature of goodness has never been fixed;

Of what it consists all opinion is mixed;
'Tis a matter debated by scholar and sage.

The standards are different for youth and old age,
But this is decided, and doubt it who would?

Ellen Elizabeth knows she is good!
This is her slogan—let nobody scoff.

This pronouncement with which she starts off:
"I'm a good girl!" and beyond any doubt

She certainly knows what she's talking about.
Her candle's not hidden 'neath bushel or hood.

Ellen Elizabeth knows she is good!

Today's Talk

THE HIDDEN TALENT
The Bible story parable about the three servants being given talents is an interesting one, and very vital in its revealed application to the lives of us all. Those who put their talents to use, benefitting beyond themselves, were the wise ones—but the one who kept the solitary talent and hid it away, as a personal possession, lost even that single one in the end by having it taken away and given to one who had sent his out to grow and to benefit.

In this story we are reminded that none of us is safely the actual owner of anything. We are merely mediums of exchange. We are stewards through which is strained all that comes to us in life, the precious substances being sent out to prove their activity and the dross to be thrown away.

If we do not use the muscles of this body of ours they grow flabby and useless, spreading their sterility throughout the entire bodily organism. We cannot even keep ourselves to ourselves! People who hide themselves from life become mere moving nobodies.

That foolish servant became "afraid" of his possession and so hid it away where it did no one any good—not even himself, though it did become temporarily a personal possession. We actually own nothing but the privilege to use what is loaned to us as a means of enlarging, and beautifying all life.

We don't even know how many talents have been given to us until we dig them out from their hiding place within us, and put them to work. Leaving them there means their ultimate disappearance. In the Bible story that foolish servant was spoken of as an "unprofitable" one. And that is what we are if we neglect the gifts within us, or if we just hide them away to rust, or later to be taken wholly from us.

Seymour Haden, the brother-in-law of Whistler, was a great lover of art, collected it, and encouraged others to love it. When he was past fifty years of age, he thought he would try etching—and became one of the outstanding etchers of his time. People today, collect and love his work.

Tomorrow Mr. Adams will talk on the subject: "Human Huts."

TWENTY-FIVE YEARS AGO
Goes to Clearfield.—J. A. Cornwell, who has been the agent of the American Express company for the past eighteen months, has accepted the agency at Clearfield and will be succeeded at the local office by E. C. Moser.

Sold Laundry Interest.—R. R. Long has purchased the interests of Jesse Snyder in the Steam Laundry and re-entered the business which he originally started in Gettysburg, but left in 1904.

Ray Rupp, however, retains his interest in the laundry which he secured on April first and continues as manager.

Luhning-Weikert.—Miss Bertha Weikert, of York street, was married to Private Edward Luhning, of Marengo, Illinois, by Rev. J. B. Baker Wednesday afternoon at four o'clock in the St. James Lutheran parsonage.

The attendants were Mr. and Mrs. Joseph Codori.

New Spelling Champion Named.—Clarence Lochbaum, Franklin district, won the sixth annual spelling contest of the Adams County schools held in the court house Saturday. The word which caused his downfall was "malice." He was awarded a Webster's International Dictionary.

Second prize was won by Kathryn Griest, Butler township; third best speller was Eleanor Peters, of Biglerville high school; fourth best speller was Ruth Scott, of the Biglerville high school, and fifth best speller was Ada Sclar, of the East Berlin high school.

New Teacher.—The Gettysburg school board has secured the services of Miss Beulah E. Wentz, of East Berlin, as a teacher in the Grammar schools to take the place of Miss Mary E. Benner, who was married a few weeks ago. The new teacher will take up her duties on May 5. Mrs. Arthur Hutchison has been supplying in the school until a teacher could be secured.

State Star Will Coach College.—W. W. Wood, former star of Pennsylvania State's football eleven, who assisted Coach Leathers toward the end of last season, has been secured by Gettysburg College to coach the team here next fall and simultaneously with his selection comes the announcement that Gettysburg will go back to its pre-war athletic status.

Purchased Grocery.—Charles Arthur Brame, traveling representative for the John C. Lower company, has purchased the grocery store at 157 North Washington street, from Harry Wentz.

Expect Italy to Yield to Wilson. Paris, April 26—While the American delegates expressed regret over the temporary break with the Italians, they apparently were confident today that some settlement would be effected when Premier Orlando confers with the Italian Parliament.

There is no hint that President Wilson will yield in the slightest concerning Plume and in the opinion of the Americans, an agreement can only be reached by a change of the Italian attitude.

Birthday Party.—A very enjoyable surprise party was held at the home of Mr. and Mrs. G. E. Smick, Gardners, recently in honor of their daughter, Loretta.

Birthday Party.—A very pleasant birthday party was held at the home of Mr. and Mrs. Charles Lady, Franklin street, in honor of the fifteenth birthday of their daughter, Helen.

Another Home.—Mr. and Mrs. Pius Bigham, of near Orrtanna, have received word that their son, Samuel J. Bigham, arrived at New York on the twentieth of April on the transport "Seattle."

Marriage License.—Clerk of the Courts Sheely has granted a marriage license to George A. Hikes, of Huntington township, and Zula B. Zeigler, of Latimore township.

Wanted.—Man stenographer, typewriter and book-keeper. Permanent position with good wages. Musselman Canning company.—Advertisement.

Personal.—Mrs. J. D. Kendlehart and son, James, have returned to their home in Harrisburg after spending some time with Mrs. Laura Weygandt, on York street. Maurice Steinhour has returned to his home on Mummaburg street, after spending several weeks at Indian Head, Md.

Lawrence Sheads, of High street, spent Easter in Harrisburg. Lieutenant Maurice Bender, who is stationed at Camp Dix, spent Easter Sunday with Mr. and Mrs. Edward Bender, Carlisle street.

Edgar Miller, of Wilmington, was here over Easter.

DRAFT OF COAL MINERS MEANS COAL SHORTAGE

By JAMES MARLOW AND
GEORGE ZIELKE

Washington, April 26 (AP)—Your coal next winter is being weighed in the draft scales now.

The armed forces say they will take 45,000 coal miners in 1944. Some coal experts had figured only half that number would be drafted.

When they think of 45,000 leaving the pits, they grieve over the prospects of coming close to estimated coal requirements this year. The armed services and the Solid Fuels Administration have been going over the manpower figures.

The manpower pinch is being felt already. Some mines have dropped from three shifts a day to two.

686 Million Tons
This year the estimated requirements are 686 million tons.

Coal men—figuring that perhaps only 22,500 miners will be drafted, or half the 45,000 mentioned above—think they will be able to produce 655 million tons.

The average miner produces 1,400 tons of coal a year. Then, 1,400 tons multiplied by the 22,500 expected to be drafted, gives 31,500,000 tons.

That would, therefore, be 31,500,000 tons unmined. Subtract that from the 686 million-ton requirement, and the expected production of approximately 655 million tons is arrived at.

But suppose the armed forces carry out what they say and draft 45,000 men. That would be 73 million tons unmined and bring production down from the required 686 million tons to 613 for 1944.

Seek Old Miners

That, of course, would not be the actual figure. It would be higher, since the draft is progressive and not all the 45,000 miners would have been taken till year's end, thus giving the mines the benefit of their output and raising the total output for the year.

So the result would be above 613 million tons but still, it seems, well below the 649 million tons produced last year when coal was, none too plentiful.

Meanwhile, the War Manpower Commission is making a nationwide drive to get retired miners and miners who have shifted to war plants to go back to the mines.

East Berlin

East Berlin.—Charles B. Wallace, U. S. A., has been in the camp hospital at Picayune, Mississippi, due to a head injury sustained in gymnastic work. His wife and son have joined him in Mississippi.

Miss Ruthetta Altland has returned after a several weeks' visit in Kentucky.

M. R. Sharrar, York, transacted business and visited here during the week.

An unusually large crowd attended the public sale of stock, farming implements, household goods, at the Clarence Leatherman farm R. 3 Friday. Bidding began at noon, and was not completed until after 7:30 p. m. Good prices were realized. Mrs. Leatherman and son Jack and her uncle, Edward Weymouth, who resides with them, left for Baltimore Tuesday to join Mr. Leatherman, who is employed there.

Miss Mary Altland, formerly of here, who resides with her sister, Mrs. Edna Gooding, York, is greatly improved after suffering for some time with an arthritis condition.

C. W. Heiner and family who purchased the Harry Serff farm, R. 2, some months ago, have arrived from their home in Washington state and have begun farming.

Mrs. Harold E. Spangler and son, Leslie Lee, who spent some time with her husband before his transfer from Dyersburg, Tennessee to an unreported location, are now spending some time with his parents, Mr. and Mrs. L. Dewey Spangler, and with her parents, Mr. and Mrs. Philip W. Hodgson, Jr., near Red Run.

Mrs. Naomi Julius has learned that her grandson, Cpl. Paul Julius, York, has received the Expert Infantryman's Badge at Camp Livingston, La.

Richard Kroft, son of Mr. and Mrs. Elmer Kroft, has been suffering with a severely abscessed tooth.

Mr. and Mrs. Harry Emig have learned that their son, Pfc. C. Richard Emig, has left Camp Reynolds, where he was recently awarded a Good Conduct Medal, and now receives his mail in care of the New Orleans postmaster.

Little improvement is reported in the condition of Doris Eisenhart, daughter of Mr. and Mrs. John Eisenhart, who has been ill at her home for the past week. Her father has been in a Philadelphia hospital under observation.

Jack Hoffman, son of Mr. and Mrs. Floyd Hoffman, who severely injured his ankle several weeks ago, is now able to walk without the aid of crutches.

Word has been received from S. Sgt. Ruth A. Kuhn, War, that she is at Camp Davis, N. C. S. Sgt. Kuhn, Brooklyn, N. Y., is a daughter of the late Dr. George R. Kuhn, a native of this section.

Japs Dying In Droves In Burma

Southeast Asia Headquarters, Kandy, Ceylon, April 26 (AP)—Japanese jungle troops are desperately attacking road and rail blocks established in central Burma by Allied "Chindits," air-borne troops, and are "coming in to the attack like a boxer with his head down" and dying in droves, an Allied observer said today.

At the same time British forces continued to tighten their grip on the Imphal-Kohima area which had been threatened by a Japanese invasion of India designed to cut the Bengal-Assam railroad. Allied supply line to China and north Burma, a communique from Admiral Lord Louis Mountbatten announced.

The communique said British forces yesterday captured the Mapao hill feature north of the Imphal plain, inflicting heavy casualties on the enemy.

Controversy Flares On "Bill Of Rights"

Washington, April 26 (AP)—Controversy over the \$3,500,000,000 "G. I. Bill-of-Rights" flared on a new front today when Senator Clark (D-Mo) attributed delay in house action to "the hatred of certain congressmen for the colored soldiers."

Turning his fire on Rep. Rankin (D-Miss), who later said he did "not care to comment" on the Missouriian's assertion, Clark declared that if the house struck out unemployment compensation provisions, it would have to accept responsibility for the defeat of the bill.

Rankin, chairman of the House Veterans' legislation committee, reported Saturday the committee was going over the senate bill carefully, "trying to make of it a workable piece of constructive legislation" and did not propose "to be stampeded by any one."

Clark declared that as the Senator in charge of the bill, sponsored by 82 senators, he would not agree to a house and senate conference over differences, if the house adheres to Mr. Rankin's position.

The best nest egg in the world today is the War Bond. It's an incomparably safe investment. It pays \$4 for every \$3 you put up.

But...

In order to get that nice fat interest, you have to

sit on a Bond for the proper length of time. 10 years to be exact.

You *can* get your money before that, any time after 60 days. But you won't get the full benefit. You lose the interest. You take your money out of the fight. You kill off savings that might be a blessing in days when money doesn't flow as freely as it does today.

FEW FATHERS OVER 26 TO BE DRAFTED IN '44

By WILLIAM F. ARBOGAST
Washington, April 26 (AP)—House Military committee members saw in latest Selective Service figures today an indication that, barring a big upset on the fighting fronts, draft calls for the rest of this year will be filled mostly by men under 26, with few fathers over that age being inducted.

However, in making that prediction, Chairman Costello (D-Calif.) and other members of that draft subcommittee emphasized that if strategic plans require unusually large calls in some months, then to the extent that younger and older men now being inducted under current policies are not available in those months, larger numbers of older men must be called.

Figures given Costello's committee by Selective Service showed a pool of 1,509,000 fathers and 750,000 non-fathers in Class 1-A on April 1. Just how many of these were under 26, the report did not show.

Need 1,385,000 Men
In the agricultural and industrial occupation deferment group on April 1 were 5,463,000 men, of whom 3,748,000 were fathers. Most of this group, 3,767,000 fathers and non-fathers, held occupational deferments of the type now being reviewed with the idea of inducting more men under 26. On March 1, there were 574,000 men under 26 with industrial deferments.

Selective Service, Costello pointed out, has estimated that between 65,000 and 70,000 men will either enlist at age 17 or be inducted upon reaching 18 each month.

Aggregate needs for the armed services between now and December 31, based on current estimates, Costello said, are 1,385,000 men.

4-F Pool Grows
That number of men, Costello said, can be furnished from the teen-age group, from the younger men now in 1-A, from the younger men whose occupational deferments are revoked, and from the relatively few older men holding unessential jobs.

The Californian noted that the 4-F classification now constitutes the largest single pool of undrafted men between 18 and 38. On April 1 there were 3,838,000 men in this group, an increase of 213,000 during March.

During the same month, the number of non-fathers deferred for occupational reasons decreased 154,000, despite a net increase of 90,000 in the total group, reflecting the policy of giving occupational deferments more liberally to older men reclassified out of 3-A.

New Oxford

New Oxford.—Mrs. Harold Groff, who spent some time in California where her husband has been in the Navy, returned home during the week.

Mr. and Mrs. G. W. Sadler have been notified that their son, Pfc. Kenneth Sadler, Camp Lee, Virginia, has been a surgical patient at the hospital there.

Mrs. M. D. Feiser has returned after spending several weeks visiting in Philadelphia and Trenton, New Jersey.

Improvement is reported in the condition of W. Hafer Miller, who is convalescing after an operation at the Hanover hospital.

The infant son of Mr. and Mrs. Glen Alwine has been named Ronald Karl.

Mr. and Mrs. Curvin Miller announce the birth of a son at the Hanover hospital during the week.

Charles Shrader, USA, has returned to his camp in the south after a furlough with local relatives.

Mr. and Mrs. Carroll Ruder entertained a number of guests at their home during the week in observance of their fifteenth wedding anniversary.

The Ladies' Auxiliary of the local fire company held its regular meeting at the engine house during the past week.

Flashes of Life

THIS IS YOUR WAR, TOO

Charlotte, N. C. (AP)—A soldier parked a jeep beside a parking meter, and a bystander said, "Better put a nickel in the meter, soldier."

With some asperity the soldier replied, "You put in a nickel, mister. It belongs to you as much as to me."

ONE-WAY RIDE

China, Calif. (AP)—R. A. Frasure, supervisor of the California institution for men, an ex-convict here, says Casimir Latski, 38, thumbed the wrong ride.

Latski, he reported, walked out of the prison, hiked for 30 minutes, then flagged a passing car.

The driver was Frasure, who hustled Latski back to a cell to continue serving a burglary sentence.

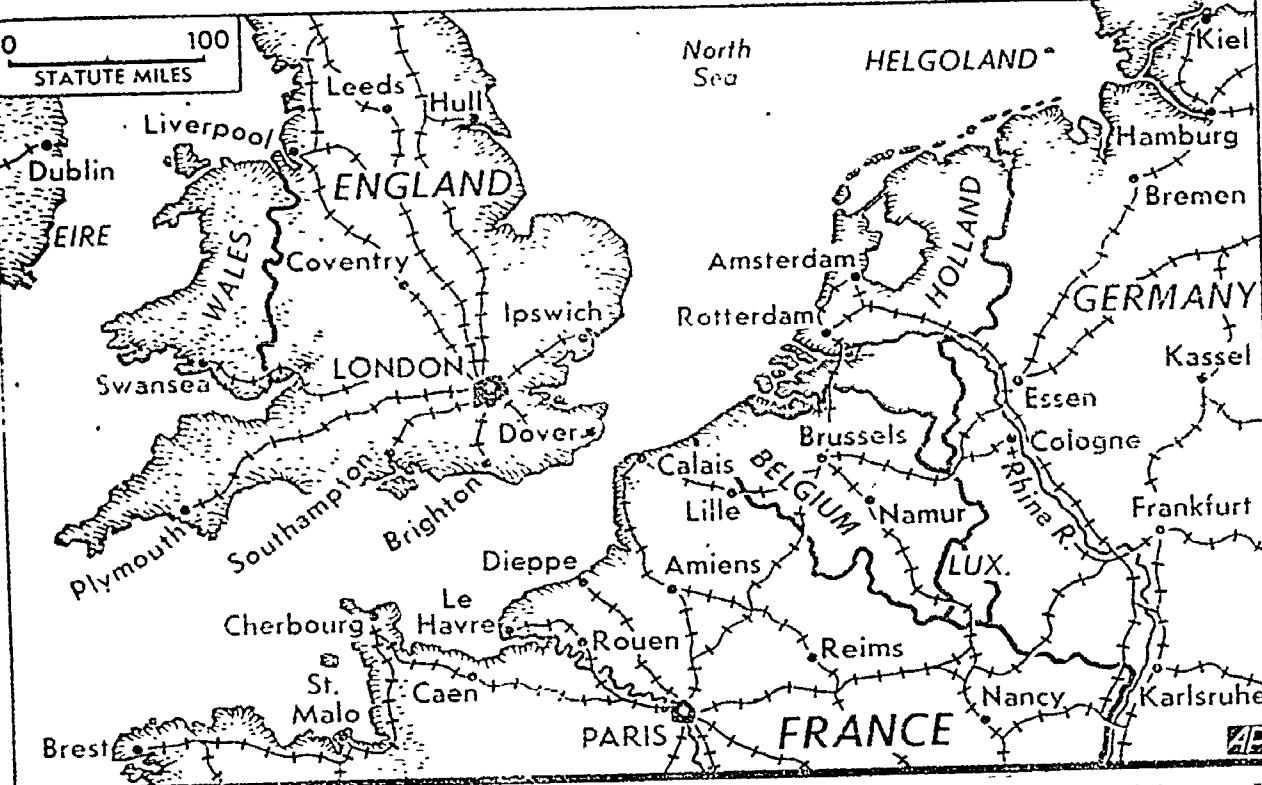

DELAYED HAPPINESS

Chicago (AP)—Miss Lucy Van Horn, 70-year-old registered nurse who retired in 1940 but volunteered to return to duty in 1942 because of the nurse shortage, celebrated her birthday.

'Commando Kelly Comes Home

Sgt. Charles E. (Commando) Kelly (hatless), winner of the Congressional Medal of Honor, stands with his arms around his mother and little brother upon arriving at Pittsburgh, Pa., for a visit home.

INVASION COAST—This map, showing parts of England, France, Germany, Belgium, and Holland, includes the points along the English channel where the long-predicted Allied invasion of Hitler's "Fortress Europe" is most likely to be launched.

Squeeze Play

Police and firemen work to extricate a driver from this coupe sandwiched between two street cars in Denver, Colo. The car was crushed to about four feet wide.

Fairfield

Fairfield—Mr. and Mrs. C. A. Willis have received word that their son, Pfc. Robert Willis, has arrived in Italy.

Sergeant Ray McGlaughlin left Tuesday for the Carney Airport, Nebraska where he is stationed after spending a furlough with his father, Blaine McGlaughlin.

Mrs. Paul Kobil is visiting her son-in-law and daughter, Mr. and Mrs. Joseph Inber, Philadelphia.

Set Leo McGlaughlin, Monticello, Colo., spent the week-end with his father, Blaine McGlaughlin.

A surprise party was given Saturday afternoon at the home of Mr. and Mrs. Henry Neely in honor of their son Donald who observed his eighth birthday. Those present were Donald Neely, Ronald Sites, Donald Summers, Ralph Neely, Terry Sites, Elton Martin, Thomas Brown.

Mr. and Mrs. Charles Peters and children Charles Jr., Mary Ellen, Alan and Irene, Mrs. G. Alfred Peters, and Mrs. Patrick McGrath of Baltimore, spent Sunday with Mr. and Mrs. S. L. Allison and family.

Mrs. Raymond Miller and daughter, of Waynesboro, are visiting Mrs. Miller's father, T. A. Loane. Mrs. Miller's husband was recently inducted into the Army and is stationed at Camp Wheeler, Georgia.

Set Luther Kepner, Camp Campbell, Kentucky, is spending an eleven-day furlough with Mr. Kepner.

NEW MEAT POINT VALUES

Amount, new ration point values for meat, since cuts of beef for next month are increased slightly as a result of a popular demand for this cut, that exceeds current supplies.

Value points remain unchanged. Lamb and mutton point values are reduced at an average of about 30 per cent.

No Stamps For Kid Shoes Under \$1.60

New York, April 26 (AP)—Low-priced children's shoes may be purchased without ration stamps during the first 20 days of May, regional OPA Administrator Daniel P. Woolley announced.

Woolley's district embraces Pennsylvania, New York, New Jersey, Delaware, Maryland and the District of Columbia.

The shoes must be sold for \$1.60 or less, Woolley said.

The Chicago Tribune said that Department of Commerce officials, acting on an executive order by President Roosevelt, were enroute here from Washington to take over the plant of the company, which yesterday refused to comply with the President's directions to resume full relations with the Union.

Despite claims by Montgomery Ward that seizure of non-war business would be unconstitutional, there has been speculation in Washington that such plans have been under consideration. However, there was no official confirmation that orders had been issued to seize the plant.

Montgomery Ward and Company and a CIO Union in its Chicago plant today looked to Washington for the next move in a two-weeks old controversy, amid reports that government seizure of the big mail order firm was imminent.

TAXIS 70 MILES ON CHANNEL TO SAVE 5 AIRMEN

At a Bomber Base in England, April 26 (AP)—An RAF Walrus seaplane rescued five survivors of a Flying Fortress which crashed in the North sea but the Walrus was so overloaded it had to taxi 70 miles home—an all night job in stormy waters which threatened to sink the plane—it was disclosed today.

At the start of the long journey—just off an enemy-occupied coast—the British craft was under attack by a German JU-88 but a couple of fighters from a Germany-bound armada swooped down and drove the big Nazi plane away.

The Fortress itself had been on a mercy trip scanning choppy seas for another crew reported forced down. Flames enveloped the cockpit of the big bomber, which crashed into a wave and quickly settled.

Two gunners went down with the ship, but Capt. Perry L. Huie, Urbana, Ill., the pilot; Lt. William A. Toth, Cleveland, Ohio, the bombardier; and three sergeant-gunnery, Fred F. Canfield, Anson, Mich., Donald T. Jervais, Antigo, Wis., and Edwin A. Lecotich, 221 Fenox St., Uniontown, Pa., clambered into a dinghy.

For 12 hours the airmen wallowed in the seas, vainly signalling with flares to the planes rumbling overhead. It was almost dusk when the Walrus spotted the American airmen.

The British plane came down and picked up all eight and began the long wet trip home. The men bailed with hats, boots and bare hands through the night to keep the plane from sinking. At dawn a British patrol boat came alongside and took the Americans aboard. They were treated for exposure and sunburn and sent back to this base.

Police Bloodhounds Seek Missing Girl

Millburn, N. J., April 26 (AP)—Two police bloodhounds, given the scent from a little spring coat and a fuzzy toy lamb, were used by a posse today in searching the wooded hills and marshlands of a suburban community for 3-year-old Deborah Hundley, missing since noon yesterday.

Dragging of the rain-swollen east branch of the Rahway river which flows past her home was ordered resumed.

At midnight, police had cleared 500 volunteer searchers and crowds of curious from the area so that work with the bloodhounds would not be impeded.

The dogs arrived shortly after midnight from the New York state police's Hawthorne barracks, and troopers started out with them in the south mountain reservation and vicinity.

2 Veteran Solons Defeated Tuesday

Harrisburg, April 26 (AP)—Two veteran Pennsylvania Republican legislators — Senator George A. Dietrick of Northumberland county and Erie Representative John E. Van Alsbury — lost primary election bids to retain their seats.

The two lawmakers, familiar in legislative halls for almost a decade, were among the 210 members of the legislature who sought reelection at yesterday's polls.

On the basis of late returns today:

Dr. Dietrick, 56-year-old Sunbury physician, was defeated in the 27th senatorial district for Republican candidate by William T. Troutman, present congressman-at-large who lost his district under the 1943 reapportionment act.

Van Alsbury, 71 year-old authority on public assistance who headed the house's important Welfare Committee for many sessions, lost to Wilmer W. Waterhouse, Corry merchant, in Erie county's third district.

YANKS CAPTURE ANOTHER ATOLL NEARER TRUK

U. S. Pacific Fleet Headquarters, Pearl Harbor, April 26 (AP)—Keeping offensives rolling over widely separated areas, American invasion forces in the central Pacific moved 150 miles nearer Truk to seize Ujelang in the western Marshalls the day after southwest Pacific troops landed 1,600 miles away at Hollandia.

Ujelang is 644 miles east of Truk and within 264 miles of often-bombed Ponape in the Carolines. (Ujelang's main island, two and one-half miles long might serve as a base for fighters escorting bombers to Ponape and Truk.)

Overwhelming weak Japanese opposition, Americans struck at Ujelang Sunday, east longitude (Marshalls) time and finished the occupation Monday. Hollandia was invaded Saturday east longitude (Dutch New Guinea) time.

Segments of the United States' mammoth central Pacific Navy put the Ujelang invaders ashore while other elements of that Navy were giving support to Gen. Douglas MacArthur's distant Dutch New Guinea operation.

The occupation of Ujelang, announced yesterday from Pearl Harbor, increased to 22 the Marshall atolls in American hands and left 14 to be wrested from the Japanese.

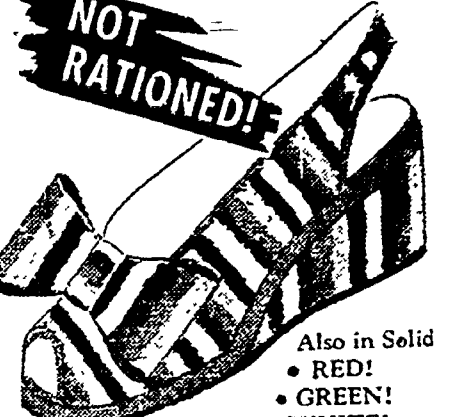

The remaining enemy bases are undergoing a steady aerial neutralization. Adm. Chester W. Nimitz announced yesterday a strike at Tanong, northernmost of the Marshalls, the base from which the Japanese are believed to have opened their assault on Wake at the war's outset. This raid occurred Sunday, the same day that other attacks were made on Ponape.

"Commando" Kelly Faces Hard Ordeal

Pittsburgh, April 26 (AP)—"Commando" Kelly prepared today for the greatest "ordeal" of his more than two years in uniform.

The "one man Army," who has kept pretty much to himself and his family since he returned home Monday, will go before a hero-struck populace to receive the key to the city, and then will lead a series of parades and appearances that will last for more than eight hours.

Service organizations, civic groups and five bands will make up the parade through downtown Pittsburgh to West Park tonight for a testimonial program.

He'll escape the public but once during the afternoon and night—when his family and personal friends of the "downtown" district hold a dinner party in a downtown hotel.

And even there he'll be reminded of his exploits in killing 40 Nazis in Italy. Dessert will be "Bombe Commando Kelly," a chef's special for the slight, tousle-haired lad who tossed mortar shells at his enemies in protecting withdrawing comrades.

FEW FATHERS OVER 26 TO BE DRAFTED IN '44

By WILLIAM F. ARBOGAST

Washington, April 26 (AP)—House Military committee members saw in latest Selective Service figures today an indication that, barring a big upset on the fighting fronts, draft calls for the rest of this year will be filled mostly by men under 26, with few fathers over that age being inducted.

However, in making that prediction, Chairman Costello (D-Calif.) and other members of that draft subcommittee emphasized that if strategic plans require unusually large calls in some months, then to the extent that younger and older men now being inducted under current policies are not available in those months, larger numbers of older men must be called.

Figures given Costello's committee by Selective Service showed a pool of 1,509,000 fathers and 750,000 non-fathers in Class 1-A on April 1. Just how many of these were under 26, the report did not show.

Need 1,385,000 Men

In the agricultural and industrial occupation deferment group on April 1 were 5,463,000 men, of whom 3,748,000 were fathers. Most of this group, 3,767,000 fathers and non-fathers, held occupational deferments of the type now being reviewed with the idea of inducting more men under 26. On March 1, there were 574,000 men under 26 with industrial deferments.

Selective Service, Costello pointed out, has estimated that between 65,000 and 70,000 men will either enlist at age 17 or be inducted upon reaching 18 each month.

Aggregate needs for the armed services between now and December 31, based on current estimates, Costello said, are 1,385,000 men.

4-F Pool Grows

That number of men, Costello said, can be furnished from the teen-age group, from the younger men now in 1-A, from the younger men whose occupational deferments are revoked, and from the relatively few older men holding unessential jobs.

The California noted that the 4-F classification now constitutes the largest single pool of undrafted men between 18 and 38. On April 1 there were 3,836,000 men in this group, an increase of 213,000 during March.

During the same month, the number of non-fathers deferred for occupational reasons decreased 154,000, despite a net increase of 90,000 in the total group, reflecting the policy of giving occupational deferments more liberally to older men reclassified out of 3-A.

New Oxford

New Oxford.—Mrs. Harold Groft, who spent some time in California where her husband has been in the Navy, returned home during the week.

Mr. and Mrs. G. W. Sadler have been notified that their son, Pfc. Kenneth Sadler, Camp Lee, Virginia, has been a surgical patient at the hospital there.

Mrs. M. D. Feiser has returned after spending several weeks visiting in Philadelphia and Trenton, New Jersey.

Improvement is reported in the condition of W. Hafer Miller, who is convalescing after an operation at the Hanover hospital.

The infant son of Mr. and Mrs. Glen Alwine has been named Ronald Karl.

Mr. and Mrs. Curvin Miller announce the birth of a son at the Hanover hospital during the week.

Charles Shrader, USA, has returned to his camp in the south after a furlough with local relatives.

Mr. and Mrs. Carroll Rider entertained a number of guests at their home during the week in observance of their fifteenth wedding anniversary.

The Ladies' Auxiliary of the local fire company held its regular meeting at the engine house during the past week.

Flashes of Life

THIS IS YOUR WAR, TOO
Charlotte, N. C. (AP)—A soldier parked a jeep beside a parking meter, and a bystander said, "Better put a nickel in the meter, soldier."

With some asperity the soldier replied: "You put in a nickel, mister. It belongs to you as much as to me."

ONE-WAY RIDE

Chino, Calif. (AP)—R. A. Frasure, supervisor of the California institution for men, an honor prison here, says Casimir Latarski, 38, thumbed the wrong ride. Latarski, he reported, walked out of the prison, hiked for 30 minutes, then flagged a passing car.

The driver was Frasure, who hustled Latarski back to a cell to continue serving a burglary sentence.

Fairfield

Fairfield—Mr. and Mrs. C. A. Wills have received word that their son, Pvt. Robert Wills, has arrived in Italy.

Sergeant Ray McGlaughlin left Tuesday for the Carney Airport, Nebraska, where he is stationed after spending a furlough with his father, Blaine McGlaughlin.

Mrs. Paul Kebil is visiting her son-in-law and daughter, Mr. and Mrs. Joseph Imber, Philadelphia.

Sgt. Leo McGlaughlin, Indiantown Gap, spent the week-end with his father, Blaine McGlaughlin.

A surprise party was given Saturday afternoon at the home of Mr. and Mrs. Henry Neely in honor of their son, Donald, who observed his eighth birthday. Those present were Donald Neely, Ronald Sites,

Donald Summers, Ralph Neely, Terry Sites, Elton Martin, Thomas Brown. Games were played and refreshments were served.

Mr. and Mrs. Charles Peters and children, Charles Jr., Mary Ellen, Ann and Irene, Mrs. G. Alfred Peters and Mrs. Patrick McGrath, of Baltimore, spent Sunday with Mr. and Mrs. S. L. Allison and family.

Mrs. Raymond Miller and daughter, of Waynesboro, are visiting Mrs. Miller's father, T. A. Lowe. Mrs. Miller's husband was recently inducted into the Army and is stationed at Camp Wheeler, Georgia.

Sgt. Luther Kepner, Camp Campbell, Kentucky, is spending an eleven-day furlough with Mrs. Kepner.

Lt. Robert McCullough has been transferred from Fort Benning, Ga., to Camp Croft, South Carolina.

NEW MEAT POINT VALUES

Among meats, ration point values for many choice cuts of beef for next month are increased slightly, as a result of a popular demand for these cuts that exceeds current supplies. Veal points remain unchanged. Lamb and mutton point values are reduced an average of about 50 per cent.

TAXIS 70 MILES ON CHANNEL TO SAVE 5 AIRMEN

At a Bomber Base in England, April 26 (AP)—An RAF Walrus seaplane rescued five survivors of a Flying Fortress which crashed in the North sea but the Walrus was so overloaded it had to taxi 70 miles home—an all night job in stormy waters which threatened to sink the plane—it was disclosed today.

At the start of the long journey—just off an enemy-occupied coast—the British craft was under attack by a German JU-88 but a couple of fighters from a Germany-bound air armada swooped down and drove the big Nazi plane away.

The Fortress itself had been on a mercy trip scanning choppy seas for another crew reported forced down. Flames enveloped the cockpit of the big bomber, which crashed into a wave and quickly settled.

Two gunners went down with the ship, but Capt. Perry L. Hule, Urbana, Ill., the pilot; Lt. William A. Toth, Cleveland, Ohio, the bombardier; and three sergeant-guns, Fred F. Canfield, Minaton, Mich., Donald T. Jervais, Antigo, Wis., and Edwin A. Lecotehick, 221 Fenox St., Uniontown, Pa., clambered into a dinghy.

For 12 hours the airmen wallowed in the seas, vainly signalling with flares to the planes rumbling overhead. It was almost dusk when the Walrus spotted the American airmen.

The British plane came down and picked up all eight and began the long wet trip home. The men bailed with hats, boots and bare hands through the night to keep the plane from sinking. At dawn a British patrol boat came alongside and took the Americans aboard. They were treated for exposure and sunburn and sent back to this base.

Montgomery Ward Fight Up To FDR

Chicago, April 26 (AP)—Montgomery Ward and Company and a CIO Union in its Chicago plant today looked to Washington for the next move in a two-weeks old controversy, amid reports that government seizure of the big mail order firm was imminent.

The Chicago Tribune said that Department of Commerce officials, acting on an executive order by President Roosevelt, were enroute here from Washington to take over the plant of the company, which yesterday refused to comply with the President's directions to resume full relations with the Union.

Despite claims by Montgomery Ward that seizure of non-war business would be unconstitutional, there has been speculation in Washington that such plans have been under consideration. However, there was no official confirmation that orders had been issued to seize the plant.

No Stamps For Kid Shoes Under \$1.60

New York, April 26 (AP)—Low-priced children's shoes may be purchased without ration stamps during the first 20 days of May, regional OPA Administrator Daniel P. Woolley announced.

Woolley's district embraces Pennsylvania, New York, New Jersey, Delaware, Maryland and the District of Columbia.

The shoes must be sold for \$1.60 or less, Woolley said.

Police Bloodhounds Seek Missing Girl

Milburn, N. J., April 26 (AP)—Two police bloodhounds, given the scent from a little spring coat and a fuzzy toy lamb, were used by a posse today in searching the wooded hills and marshlands of a suburban community for 3-year-old Deborah Hundley, missing since noon yesterday.

Dragging of the rain-swollen east branch of the Rahway river which flows past her home was ordered resumed.

At midnight, police had cleared 500 volunteer searchers and crowds of curious from the area so that work with the bloodhounds would not be impeded.

The dogs arrived shortly after midnight from the New York state police's Hawthorne barracks, and troopers started out with them in the south mountain reservation and vicinity.

2 Veteran Solons Defeated Tuesday

Harrisburg, April 26 (AP)—Two veteran Pennsylvania Republican legislators — Senator George A. Dietrich of Northumberland county and Erie Representative John E. Van Alsburg — lost primary election bids to retain their seats.

The two lawmakers, familiar in legislative halls for almost a decade, were among the 210 members of the legislature who sought reelection at yesterday's polls.

On the basis of late returns today:

Dr. Dietrich, 56-year-old Sunbury physician, was defeated in the 27th senatorial district for Republican candidate by William I. Troutman, present congressman-at-large who lost his district under the 1943 reapportionment act.

Van Alsburg, 71-year-old authority on public assistance who headed the house's important Welfare Committee for many sessions, lost to Wilmer W. Waterhouse, Corry merchant, in Erie county's third district.

YANKS CAPTURE ANOTHER ATOLL NEARER TRUK

U. S. Pacific Fleet Headquarters, Pearl Harbor, April 26 (AP)—Keeping offensives rolling over widely separated areas, American invasion forces in the central Pacific moved 150 miles nearer Truk to seize Ujelan in the western Marshalls the day after southwest Pacific troops landed 1,600 miles away at Hollandia.

Ujelan is 644 miles east of Truk and within 264 miles of often-bombarded Ponape in the Carolines. (Ujelan's main island, two and one-half miles long, might serve as a base for fighters escorting bombers to Ponape and Truk.)

Overwhelming weak Japanese opposition, Americans struck at Ujelan Sunday, east longitude (Marshalls) time and finished the occupation Monday. Hollandia was invaded Saturday east longitude (Dutch New Guinea) time.

Segments of the United States' mammoth central Pacific Navy put the Ujelan invaders ashore while other elements of that Navy were giving support to Gen. Douglas MacArthur's distant Dutch New Guinea operation.

The occupation of Ujelan, announced yesterday from Pearl Harbor, increased to 22 the Marshall atolls in American hands and left 14 to be wrested from the Japanese.

The remaining enemy bases are undergoing a steady aerial neutralization. Adm. Chester W. Nimitz announced yesterday a strike at Taongi, northernmost of the Marshalls, the base from which the Japanese are believed to have opened their assault on Wake at the war's outset. This raid occurred Sunday, the same day that other attacks were made on Ponape.

SWITCH TO A VITAL WAR INDUSTRY—The Railroads need more workers

'Commando' Kelly Faces Hard Ordeal

Pittsburgh, April 26 (AP)—"Commando" Kelly prepared today for the greatest "ordeal" of his more than two years in uniform.

The "one man Army" who has kept pretty much to himself and his family since he returned home Monday, will go before a hero-struck populace to receive the key to the city, and then will send a series of parades and appearances that will last for more than eight hours.

Service organizations, civic groups and five bands will make up the parade through downtown Pittsburgh to West Park tonight for a testimonial program.

He'll escape the public but once during the afternoon and night—when his family and personal friends of the "downtown" district hold a dinner party in a downtown hotel.

And even there he'll be reminded of his exploits in killing 40 Nazis in Italy. Dessert will be "Bombe Commando Kelly," a chef's special for the slight, tousle-haired lad who tossed mortar shells at his enemies in protecting withdrawing comrades.

DEWEY AND FOR STATE'S CHOICE FOR PRESIDENT

Philadelphia, April 26 (AP)—Republicans turned a "straw in the wind" write-in presidential preference vote into a hayride for Gov. Thomas E. Dewey today and democrats voted a fourth term demand for President Roosevelt in Pennsylvania primaries.

Returns from 5,414 out of 8,197 precincts in the republican poll gave:

Dewey, 98,484; Gen. Douglas MacArthur, 5,982; Gov. Edward Martin of Pennsylvania 3,116; President Roosevelt, 3,397; Gov. John W. Bricker of Ohio, 1,888; Lt. Cmdr. Harold E. Stassen, 1,648; and Wendell L. Willkie, 924.

President Roosevelt, unopposed, led the democratic ticket with 205,920 votes in 3,219 precincts, and picked up 72 delegates pledged to his support in the democratic national convention.

Drab Campaign

Gov. Martin, who will head the state's unstructured delegation of 70 to the republican convention, said after Gov. Dewey won the Wisconsin primary that "if there is a crystallization of sentiment toward a certain candidate there may be a decision made on May 20."

When the delegation meets in Philadelphia, no one will be surprised if the decision is to climb aboard the Dewey bandwagon.

Only New York, home state of both Roosevelt and Dewey, has a larger voice in the national conventions.

A drab campaign brought light voting and victories for organization candidates of both parties.

Former Governor Arthur H. James, republican and Chester H. Rhodes, democrat, incumbent candidates for superior court judge, both entered the primaries of the other's party and were defeated, while winning nomination on their own tickets.

Wagner Beats Breslin

State Treasurer G. Harold Wagner, the democratic organization's candidate for auditor general, easily defeated John F. Breslin.

Democrats nominated U. S. Representative Francis J. Myers to oppose James J. Davis, republican seeking a third full term in the U. S. senate. Both were unopposed.

Twelve Democrats and 19 Republicans, among the state's 33 representatives in congress, were candidates for re-election, and all were successful. The other two incumbents were Reps. Myers and William J. Trentman. Congressional reapportionment eliminated Troutman's representative-at-large seat, and he won nomination in a republican state senate contest.

They read and played solitaire in the living room. The stove kept them comfortable. And at night, the Captain and one of two of his friends joined them for a game of poker and a glass of wine before retiring. During these gatherings Raoul gave Morin a detailed account of the work in Paris.

Adrienne's inquiries made privately to the Captain in regard to Johnny's escape, gained the information that he had been picked up safely by a reconnaissance flying boat, and had since sent word of code from a Portuguese port of having rejoined the R.A.F.

On the evening of the third day Adrienne, Raoul and Charles were

ESCAPE from PARIS

by Marion McClure Stewart

Chapter 33

Francois Morin was a retired Captain of the French Merchant Marine, who since the invasion of France had devoted his time and energies to help any Frenchman who wanted to escape the Nazis.

Prior to the surrender of France with the help of a comrade, a Civil Engineer, who had since joined the Fighting French army, he had constructed the tunnel that now formed the headquarters in this underground district, and provided a refuge for those who were fleeing the country. This work had been undertaken first as an air raid shelter, but after the fall of France had been developed on a larger scale. It had been carried out chiefly at night, and no plans had been spared to keep the matter secret.

"Le petit Capitaine," loved and respected by fisherfolk and farmers alike, as inflexible in nature as he was in build, lived alone in the grey stone cottage, a hundred feet distant from the tunnel, except for his old servant, Gaspard Lemoine. Gaspard kept the cottage clean, cooked the Captain's meals and looked after his comforts.

Behind the cottage was an extensive vegetable and flower garden, flanked by apple, pear and plum trees, and several out buildings. One housed a chicken coop, and a small one had an enclosure for carrier pigeons

Needs Men To Help Collect Donations

Washington, April 26 (AP)—The business of soliciting employees of the Interior Department for contributions in various charity and government campaigns is so great the department wants a \$4,600 assistant to the secretary appointed to handle the work.

Abe Fortas, under secretary, told the House Appropriations Subcommittee considering the 1945 Interior Department annual appropriation, he would like to see the appointment of the assistant, plus a clerk at \$1,920, authorized by Congress.

Fortas listed the campaigns as:

Jacob Winand 66, Dies In New Chester

Jacob Winand, 66, New Chester, died at 2:45 o'clock this morning at his home in New Chester after an illness of several months.

A laborer, he was a son of the late Mr. and Mrs. Ammon Winand and lived all of his life in New Chester. A sister, Miss Margaret Winand, with whom he lived, survives as does a brother, Charles, Hanover. He never married.

Funeral services Friday afternoon at 2 o'clock from the late home with further services in the New Chester Reformed church conducted by the Rev. Richard Shaffer. Interment in the New Chester cemetery.

He was sexton for 17 years at St. John's Reformed church.

Since World War I, there have been more than 300,000 admissions of tuberculosis veterans to hospitals of the Veterans' Administration or to other government, state or civil institutions.

EXTENSION OF LEND-LEASE IS OKAYED TODAY

Washington, April 26 (AP)—The Senate Foreign Relations Committee—after one of its shortest hearings on record—today voted its approval of the lend-lease extension bill, already passed overwhelmingly by the House.

Foreign Economic Administrator Leo T. Crowley told the committee today the lend-lease program must be continued "until the United Nations' armies finally march down the streets of Berlin and Tokyo."

Appearing in support of House-approved legislation extending lend-lease another year, Crowley, who directs the vast program under which \$22,500,000,000 in war materials have been sent to the nation's Allies, declared:

Planes for the Allies

"To achieve final victory—and to achieve it at the earliest possible moment and at the least cost in lives it is now more essential than ever that the United Nations continue to combine their material resources through lend-lease and mutual aid."

The foreign economic administrator said in a lend-lease report released last night that in the first 60 days of 1944, more than 2,100 planes, almost 2,000 tanks and over 60,000 other military motor vehicles, including tank destroyers, trucks and jeeps had been sent to our Allies fighting the Germans and Japanese.

This, he stated, represented about 250 planes, 250 tanks and 7,000 other motor vehicles every week, to supplement production abroad.

"On the Russian front, Soviet air-men are flying Mitchell B-25's, Douglas A-20's, Thunderbolts, Airacobras and Curtis Warhawks side by side with planes produced in Soviet factories," his report said.
